ORTHOPEDIC INJURIES— BIG AND SMALL

COURSE DESCRIPTION

Orthopedic Injuries–Big and Small is a 2.5-hour program designed to serve as both a review and a learning opportunity for dealing with orthopedic injuries. The program spans the range from a traumatic amputation or fractured pelvis to a dislocated finger or broken bone.

This course is designed for all levels.

COURSE OBJECTIVES

- Compare and contrast orthopedic injuries in the young, middle and older ages
- Discuss the assessment and management of orthopedic injuries in all ages
- Review some of the controversies in managing orthopedic injuries

COURSE COORDINATOR

Kevin Hendrickson, RN, CCEMTP

LOCATION

Deaconess Health Sciences Building
600 Edgar Street
Evansville, IN 47710

COST

There is no cost for this course. However, a minimum of 15 attendees is required to hold the course.

FACTS

Injury is the most common cause of death for U.S. children. Every 18 seconds, an older U.S. adult is treated in an emergency department for a fall, and every 35 minutes, someone in this population dies as a result of his or her injuries.

REGISTRATION

To register, complete and return this form to the address below by Oct. 1

Deaconess Regional Network Services
Attn: Lu Weil
600 Mary Street
Evansville, IN
or fax to (812) 450-7244

There is no fee for this course.
