

# Deaconess Family Medicine RESIDENCY PROGRAM

Thank you for your interest in the Deaconess Hospital Family Medicine Residency Program.

The Deaconess program is an unopposed family medicine residency with six positions available at each level (6-6-6). We offer education and training in the delivery of comprehensive family-oriented medical care that is consistent with the requirements for accreditation by the Accreditation Council for Graduate Medical Education. Our program has been fully accredited by the ACGME since 1976.

The mission of our residency is to train physicians to provide high-quality, cost-effective medical care necessary for a productive and successful career in Family Medicine. Upon completion of the program, physicians are eligible for certification by the American Board of Family Medicine. With these goals in mind, we seek applicants who are eager to learn and advance their medical skills.

Our faculty provides individual staffing in the Family Medicine Center as well as the many entities of the Deaconess Health System. Residents see patients in a free-standing clinic located on the Deaconess Hospital main campus. It is equipped to provide services such as colposcopy, laboratory tests, cryotherapy and others.

We invite you to apply to our program and learn what Deaconess has to offer you.

Sincerely,

**Kim A. Volz, MD**  
Program Director

### How to apply:

To be considered as a candidate for our residency program, all applicants must submit a universal application via the Electronic Residency Application System (ERAS).

### All applicants:

1. Must have passed USMLE/COMLEX I (and must pass USMLE II/COMLEX II prior to beginning residency training).
2. Must be a US citizen or permanent resident alien
3. Must be able to obtain Indiana residency permit under Indiana Professional Licensing Agency guidelines.
4. Complete ERAS application (including licensure exam scores)

### International applicants:

1. Must have passed the USMLE Part I & Part II CK within two attempts with a percentage score of 80 (raw score 190) or higher.
2. Must be no more than 3 years post-graduation from medical school.
3. Must be a US citizen or permanent resident alien.
4. Must pass USMLE Part II CS prior to submitting match list.
5. Must have or be eligible to obtain a current and valid ECFMG certificate prior to start of residency.
6. Must be able to obtain Indiana residency permit under Indiana Professional Licensing Agency guidelines.
