

Lynn Lingafelter, RN, MBA, FACHE

*Deaconess Health System
Vice President and Chief Operating Officer*

MEET LYNN LINGAFELTER:

Originally from Poseyville, Indiana, Lynn started her career at Deaconess Hospital in 1987 as a registered nurse. It was her first job after graduating from the Deaconess School of Nursing just a few months earlier. She quickly moved into clinical leadership positions then department director roles. In the early 2000s, Lynn became director of emergency, surgical and radiology services followed by vice president of operations. She joined the senior administrative team in 2017 as vice president and chief operating officer.

In addition to her nursing degree, Lynn holds a bachelor's degree from the University of Southern Indiana and a Master of Business Administration from Colorado State University. She is also a Fellow of the American College of Healthcare Executives.

Lynn's civic and community involvement includes serving on the boards of the Tri-State Better Business Bureau and the United Way of Southwestern Indiana. She also serves on the Warrick County Economic Advisory Council.

ABOUT DEACONESS HEALTH SYSTEM:

Deaconess Health System is the premiere provider of health care services in southwestern Indiana, western Kentucky and southeastern Illinois. The system - based in Evansville, Indiana - includes ten hospitals: Deaconess Midtown Hospital, Deaconess Gateway Hospital, Deaconess Henderson Hospital, Deaconess Union County Hospital, Deaconess Gibson Hospital, The Heart Hospital, The Women's Hospital, The Orthopedic and Neuroscience Hospital, Deaconess Cross Pointe, and Encompass Health Deaconess Rehabilitation Hospital.

Deaconess Clinic, a fully integrated multispecialty group featuring primary care physicians as well as top specialty doctors, provides patients with consistent and convenient care. Additional components include the Linda E. White Hospice House, a freestanding cancer center, urgent care facilities, near-site clinics, telemedicine, virtual visits, a network of preferred hospitals and doctors, and multiple partnerships with other regional health care providers.
