

NOTICE REGARDING WELLNESS PROGRAM

Deaconess Wellness Program

Deaconess Employee Wellness is a voluntary wellness program available to all beneficiaries including spouses. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. A biometric screening is available which will include a blood test for Blood Glucose, Total Cholesterol, HDL, LDL, Triglycerides, and Diabetes. The blood tests are conducted to check for areas of improvement for Hypertension, Glucose, Tobacco, BMI, Cholesterol, Diabetes, and Asthma. You are not required to complete a bio-metric screening and alternatives are available to you. Employees that complete the bio-metric screening will receive dollars in their biweekly paycheck to help off-set medical insurance premium costs.

The Health Risk Assessment is also an available option through earnings of an HRA (Health Reimbursement Account). The health risk assessment or "HRA" will ask a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). Employees and spouses are also eligible to receive up to \$400 each by completing wellness activities for their Health Reimbursement Account. All incentives and dollars earned will be used for the following benefit year.

You are not required to complete the Health Risk Assessment (HRA) or to participate in the blood test or other medical examinations. If you are unable to participate in any of the health-related activities, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Employee Wellness at (812) 450-1348 or wellness@deaconess.com.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as Tobacco Cessation, Medication Management, Diabetes Education, nutrition education, and one-on-one or general wellness coaching sessions. You are also encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although Wellness Solutions may use aggregate information it collects to design a program based on identified health risks in the workplace, Wellness Solutions will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for the purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individuals who will receive your personally identifiable health information are the staff employed by Wellness Solutions and individuals employed by the services you authorize. These services may include but are not limited to Deaconess Diabetes Center, MTM, and OneCare. In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs that involves information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact the Wellness Solutions Practice Manager at (812) 450-1091.
