Educational Requirements for Trauma Team Staff

Purpose:

- A. To clearly define the roles, responsibilities and performance improvement activities of the members of the trauma team.
- B. To provide optimal patient care by defining specific responsibilities for each member of the trauma team.
- C. To define educational requirements for each unit caring for trauma patients and outline monitoring/reporting requirements.

Guidelines:

- A. Registered nurses and ancillary personnel caring for trauma patients have required hours of continuing education (CE) addressing care of the trauma patient. (See Attachment A)
- B. STCICU and ICU Resource Team Nurses
 - a. Must take the Trauma ICU Skills Course within six (6) months of hire.
 - i. If a new hire is currently certified in ATCN, TNS, or TCRN, they are exempt from the ICU Trauma Course
 - 1. TNCC certification does not exempt one from the ICU Trauma Course
 - b. Within the second year of hire, nurses must successfully complete the ATCN course and remain current thereafter.
 - i. If an RN is TCRN certified and maintains said certification, the ATCN requirement is waived
 - ii. If an ICU RN is currently certified in TNCC, successful completion of the ATCN course prior to the expiration of their TNCC certification is required
 - c. Attend annual ICU Competency Day if provided and/or complete any assigned trauma web in-services
 - d. Must complete four (4) hours of adult trauma-related CE per year
 - e. RNs caring for pediatric patients must complete four (4) hours of pediatric trauma-related CE per year in addition to four (4) hours of adult trauma-related education
 - f. Certifications must remain current. "Grace periods" are not allowed
- C. ONTCC, SMCC and Resource Team Nurses
 - a. Nurses who care for trauma patients must take the Trauma Services Med/Surg courses as assigned within six (6) months of hire
 - b. Must complete four (4) hours of adult trauma-related CE per year

D. Emergency Department

a. Nurses

- i. Required to have TNS, TNCC, or ATCN within one (1) year of hire
- ii. To fulfill our Illinois Level II Adult and Pediatric Trauma Center requirements, each shift must be staffed by one (1) Trauma Nurse Specialist (TNS) nurse
 1. The TNS will serve as a resource to the RN caring for the Category I and Category II trauma patients
- iii. Must have four (4) hours of adult trauma-related CE per year
- iv. Must have four (4) hours of pediatric trauma-related CE per year
- v. Must have four (4) hours of geriatric trauma-related CE per year
- vi. Attend annual Skill Competency training

b. Techs

- i. Must have four (4) hours of adult trauma-related CE per year
- ii. Must have four (4) hours of pediatric trauma-related CE per year
- iii. Must have four (4) hours of geriatric trauma-related CE per year
- iv. Attend annual Skill Competency training

E. STCICU, Resource Team, ONTCC, SMCC and ED Managers

- a. Responsible for assigning appropriate NetLearning courses as necessary to meet CE requirements based on information noted above
- b. Maintain education grid and provide to Trauma Program Manager at least two (2) times per year, in March and October, for monitoring of compliance with educational guidelines
- c. Any staff not meeting requirements should have an action plan in place and have disciplinary action according to Hospital P&P 45-19 S "Standards of Employee Conduct and Performance"

F. Ancillary Services

- a. Complete CE as outlined on Attachment A

G. COVID Clause

- a. If staff requirements are not met due to the unavailability of classes and/or courses as a result of the worldwide pandemic, a one (1) year grace period will be allowed
- b. In the event that the ED is unable to staff one (1) TNS RN per shift, any Category I or Category II patient seen in the ED will be cared for by an RN who holds a current nationally recognized trauma nursing certification such as Trauma Certified Registered Nurse (TCRN) or Trauma Nursing Core Course (TNCC).
