WHAT ARE YOUR CAREER GOALS?

That is something I am still trying to figure out. I have a strong interest in becoming a Hospitalist, but I also have interest in rural ED as well.

WHY CHOOSE DEACONESS?

I chose Deaconess because I was looking for an unopposed family medicine program at a well-established hospital that provided thorough education in pediatrics/OBGYN. I rotated with Deaconess family medicine as a fourth year and it really solidified my decision. The staff/faculty are all incredibly nice and the environment is positive for learning. I also liked that they offer a hospitalist fellowship. It was just an added bonus that the program is in my hometown!

WHAT IS THE BEST PART OF LIVING IN EVANSVILLE?

Growing up in Evansville, it was hard to realize how good I had it here until I moved away. Since starting college, I have lived in bigger and smaller cities and can honestly say Evansville is the best of both worlds. In the last 5 years the community has grown substantially. There are plenty of places to shop, restaurants to eat at, and there is always something going on. It's still small enough though where everything is still relatively cheap and the people are extra friendly!
