FAMILY MEDICINE
RESIDENCY

Meet Our Family Medicine Residents

Clark Hollingshead, DO **Class of 2027**

ABOUT ME

My path to residency started in Colorado where I was born. I would spend after school and weekends at my Father's Podiatry clinic racing up and down the halls on the doctor stools he had. We moved to St. George UT when I was 11 and by the time I was in High School I had determined that I was going to pursue a career in medicine. Fast forward 10 or so years and now I have my own family and with their support I am well on my way to becoming a physician.

WHY CHOOSE DEACONESS?

We are excited for our adventure to the Midwest which is mostly due to the people! After interviewing with the program, it felt comfortable and familiar despite never meeting before. DFMR checked all the boxes of great training and great people. My specific interests include in office procedures, urgent care, among others.

HOBBIES/INTEREST

We love being in the outdoors in whatever capacity possible. Camping, hiking, biking, playing sports, watching sports...any capacity possible. And as is the case with most ex-high school athletes golf has made its way into one of my favorite outdoor activities as of late.
