Meet Our Family Medicine Residents

Hannah Bosaw, MD **Class of 2026**

ABOUT ME

Hello! My name is Hannah Bosaw and I grew up in a small town called Shawneetown, Illinois—not too far from Evansville. I attended The University of Alabama in Tuscaloosa for undergrad where I earned my Bachelor's degree in biology. I attended Southern Illinois University School of Medicine in Springfield for my medical training.

WHY CHOOSE DEACONESS?

I am so excited to be a part of the Deaconess family. I have been a patient at many Deaconess facilities and it's where most of my family comes to receive care as well. Deaconess has always drawn me because of the polite providers and staff that work there, and I am glad I get to now join the team!

I am a small-town girl at heart and my dream has always been to be able to care for the members of my community. My passions are women's health, pediatrics, and adult preventative medicine. I love the special patient-physician relationships that family medicine can foster and hope to provide that for my patients as well!

HOBBIES/INTERESTS

When not providing care to my patients, I enjoy spending time with my husband and son. We love being outdoors and helping on the family farm in our spare time.
