

Meet Our Family Medicine Residents

Daniel Broerman, DO Class of 2028

ABOUT ME

Hi! My name is Daniel Broerman, and I was born and raised in Southern Indiana, where I'm incredibly excited to be returning for residency. I grew up in Spencer County as the youngest in a large family, often helping on the farm or serving ice cream at the beloved Rivertown Ice Cream and Grill in Newburgh.

After graduating from South Spencer High School, I proudly attended Purdue University. I loved my time at Purdue, getting involved in everything I could - from Boiler Gold Rush and Purdue Dance Marathon to Global Medical Brigades. During the summers, I worked at Anderson Woods Summer Camp, helping individuals with intellectual and developmental disabilities build life skills and enjoy a fun, fulfilling camp experience. Following Purdue, I pursued both a graduate degree and my medical training at Marian University College of Osteopathic Medicine in Indianapolis.

WHY CHOOSE DEACONESS?

Deaconess was an easy number one choice for my residency. I wanted to give back to the community that gave so much to me and grow within the strong training environment of an unopposed program. What excites me most is the opportunity to practice the full scope of family medicine, from pediatrics to geriatrics, and care for patients through every stage of life. From attending Deaconess Daycare as a child to now joining Deaconess Family Medicine Residency as a resident, this moment truly feels like a full-circle journey.

HOBBIES/INTERESTS

Outside of medicine, I love spending time with family and friends. I enjoy most outdoor activities - including fishing, hunting, water sports, working on race cars, and flying. When I'm indoors, you'll find me cheering for the Purdue Boilermakers, the Miami Dolphins, or watching any motorsports event I can find!
