Meet Our Family Medicine Residents

Ivy Paw, MD

Class of 2022

WHAT ARE YOUR CAREER GOALS?

Having grown up with my grandparents, I feel very comfortable and enjoy working in geriatrics. My friends call me a grandma at heart. I also have a passion for women's health, inpatient care and research.

WHY CHOOSE DEACONESS?

The biggest reason—I connected the most with the attendings and faculty here. I admired the leadership of this program and felt that the staff take very good care of the residents.

WHAT IS THE BEST PART OF LIVING IN EVANSVILLE?

After living in D.C., I look forward to living in a more affordable and less stressful place that can still offer the resources and activities of a well-developed city.

Hometown:

San Francisco, California

Undergraduate Training:

Duke University
