Meet Our Family Medicine Residents

Natasha Mathew, DO

Class of 2023

WHAT ARE YOUR CAREER GOALS?

I have always had a special interest in women's health. It is a goal of mine to complete an OB/GYN fellowship following residency to enhance my knowledge and skills in providing high-quality health care to women as a Family Medicine physician. My ultimate goal, however, is to just become the best physician that I can be. I would like to stay up-to-date on the ever-changing world of medicine, keeping up with the newest methods for patient management and treatment, and being able to apply my knowledge into medical practice.

WHY CHOOSE DEACONESS?

One of my fourth-year rotations during medical school was a Family Medicine audition rotation at Deaconess. Throughout the month, I had the amazing opportunity to work and learn alongside some of the nicest and most down-to-earth faculty and residents. Everyone I came across in the Deaconess community was patient and had the desire to teach. Everyone always had each other's back, so it truly felt like I was working with a solid team. I also fell in love with the hospital and the many opportunities in women's health it had to offer. I felt right at home the entire month!

WHAT IS THE BEST PART OF LIVING IN EVANSVILLE?

What I love about Evansville is that it has the elements of both a big and small city. There is always something new and exciting to do/see, but nothing is too far of a drive to get to. Evansville is a diverse city with so many options for shopping, restaurants, and other awesome attractions, plus the cost of living is completely doable. Personally, I also enjoy living in Evansville because it's not too terribly far from my hometown.

Hometown:

Huntington, Indiana

Undergraduate Training:

Indiana State University

Medical School:

Kansas City University of Medicine and Biosciences (KCUMB)

Hobbies/Fun Fact:

I'm an adventurer, so one of my strongest passions is traveling. I've traveled throughout the U.S., to India, Mexico, various countries in Europe, and took a cruise to Alaska. Hiking, bicycling, and camping are other hobbies of mine—I love the outdoors! If I'm not doing any of those things, you'll most likely find me either working out, or relaxing at home watching some of my favorite TV shows or movies.
