

Deaconess
FAMILY MEDICINE
RESIDENCY

Meet Our Family Medicine Residents

McKenzie Schaefer, DO

Class of 2022

WHAT ARE YOUR CAREER GOALS?

As of right now, I see myself practicing in the Tri-State area and hopefully providing both inpatient and outpatient care to my patients.

WHY CHOOSE DEACONESS?

I really enjoyed the month I spent at Deaconess as a medical student. I felt like I was able to see many different aspects of the program while working with so many of the residents and faculty. Everyone was so kind and welcoming. I couldn't picture myself learning anywhere else.

WHAT IS THE BEST PART OF LIVING IN EVANSVILLE?

Growing up just across the river in Kentucky, Evansville has always been the go to city for shopping, dinners and other activities. I love seeing all of the changes and developments taking place downtown and can't wait to see what comes.

Hometown:

Henderson, Kentucky

Undergraduate Training:

Murray State University

Medical School:

University of Pikeville - Kentucky
College of Osteopathic Medicine

Hobbies/Fun Fact:

I enjoy re-watching Friends on Netflix, buying too many unnecessary things on Amazon Prime, and hosting game nights with my friends. I like to read, particularly WWII era fiction. And most importantly, I love spending time and playing with my two dogs - they especially enjoy walking at the river walk.
