He is also a Fellow of the American College of Healthcare Executives.

Shawn's civic and community involvement includes serving on the boards of Junior Achievement of Southwest Indiana, Ivy Tech Southwest Regional Board of Trustees, WNIN, the Economic Development Coalition of Southwest Indiana, Southwest Indiana Chamber of Commerce and the Warrick County Chamber of Commerce.

About Deaconess Health System:

Deaconess Health System is a premiere provider of health care services in southwestern Indiana, western Kentucky and southeastern Illinois. The system - based in Evansville, Indiana - includes six hospitals located in southern Indiana: Deaconess Hospital, an acute care facility; The Women's Hospital, serving the needs of women and infants; Deaconess Gateway Hospital, an acute care facility; Deaconess Cross Pointe, a behavioral health hospital; The Heart Hospital at Deaconess Gateway, focusing solely on providing leading-edge inpatient and outpatient heart care services; and HealthSouth Deaconess Rehabilitation Hospital, specializing in comprehensive medical rehabilitation. Also included in the system are a freestanding cancer center, a health system and physician owned managed care network of preferred hospitals and doctors, two ambulatory surgery centers, 21 ambulatory care sites, two urgent care facilities and multiple partnerships with other health care providers.
