Boston IVF partners with EngagedMD to help you prepare for your treatment, on your terms.

EngagedMD outlines everything you need to know in order to make informed decisions about your treatment. The program enables you to learn at your own pace and in the comfort of your own home, so that you can be prepared to discuss the procedure in detail with your medical team.

You'll soon receive an email from Boston IVF with a link to the EngagedMD patient education center.

Click the link in the email to set your password. The website is secure and encrypted, so you can be sure your healthcare information is protected.

Your username will be your email address, and you can always log in using the link that was sent to your email.

Please complete your assigned module(s) prior to your next appointment!

Your medical team will assign you one or more of the following EngagedMD modules:
