Section 4.	Officers of the Medical Staff	12
Section 5.	Medical Staff Organization	16
Section 6.	Committees	19
Section 7.	Medical Staff Meetings	21
Section 8.	Conflict Resolution	24
Section 9.	Revision, Adoption, and Amendment	25

Section 1. Medical Staff Purpose and Authority

1.1 Purpose

The purpose of this medical staff is to bring the professionals who practice at the hospital together into a cohesive body to promote good patient care. These bylaws create a framework within which medical staff members and APPs can act within a reasonable degree of freedom and confidence, and establish a framework for self-governance of activities and accountability to the Governing Board. To this end, among other activities, it will assist in screening applicants for staff membership, review privileges of members and APPs, evaluate and assist in improving the work done by the staff, provide education opportunities, and offer advice to the Chief Executive Officer (CEO). All issues related to membership are contingent upon Governing Board approval.

1.2 Authority

Subject to the authority and approval of the Governing Board the medical staff will exercise such power as is reasonably necessary to discharge its responsibilities under these bylaws and under the corporate bylaws of the Jennie Stuart Medical Center. Henceforth, whenever the term "the hospital" is used, it shall mean Jennie Stuart Medical Center; and whenever the term "the Board" is used, it shall mean Governing Board.

1.3 Definitions

"Advanced Practice Professional" or "APP" means those individuals, other than licensed physicians, dentists, or podiatrists, who provide direct patient care services in the hospital in accordance with state law, their clinical privileges, and any applicable supervisory or collaborative requirements established by these Bylaws and the Rules and Regulations. APPs exercise judgment within the areas of documented professional competence and that is consistent with the applicable State Practice Act. APPs are designated by the Board to be credentialed and privileged through the medical staff organization and are granted clinical privileges as defined in the medical staff bylaws. The Board periodically determines the categories of individuals eligible for clinical privileges as an APP. These categories are Psychologists, Physician Assistants and Advanced Practice Registered Nurses. APPs are not eligible for medical staff membership. APPs may be employed by or contracted by the hospital or may be employed by a physician granted privileges at the hospital. Certain categories of APP's including Advance Practice Registered Nurse (APRNs) may be authorized to practice independently without a supervising or collaborating physician, as set forth in the Rules and Regulations,

"Advanced Practice Registered Nurse" or "APRN" means those individuals who are Doctors of Nursing practice (DNP), certified nurse midwives (CNMs), and certified registered nurse anesthetists (CRNAs), nurse practitioners (NPs), and clinical nurse specialists providing direct patient care.

"Adverse recommendation" means a recommendation to limit, restrict, or terminate privileges due to a reason related to competence or conduct.

"Allied Health Professional" or "AHP" means those individuals eligible for privileges who are not Members or Advanced Practice Professionals who are qualified by academic education and clinical experience or other training to provide patient care services in a clinical or supportive role such as First Assistants, and scrub technicians. Allied Health Professionals provide services only under supervision of a Member of the Medical Staff.

"Application" means an application for appointment and/or privileges to the Medical Staff as described in Part III, Section 3 of the *Medical Staff Bylaws*.

"Appointee" means any physician, dentist, or podiatrist who is a Member of the Medical Staff.

"Chief Executive Officer" or "CEO" is the individual appointed by the Governing Board to serve as the Governing Board's representative in the overall administration of the Hospital. The CEO may, consistent with their authority granted by the Hospital Bylaws, appoint a representative to perform certain administrative duties identified in these Bylaws.

"Clinical Privileges" or "Privileges" mean the permission granted to a Practitioner to render specific diagnostic, therapeutic, medical, dental, or surgical services with the Hospital.

"Days" shall mean calendar days unless otherwise stipulated in the *Medical Staff Bylaws*.

"Dentist" means an individual who has received a Doctor of Dental Medicine or Doctor of Dental Surgery degree and is currently licensed to practice dentistry in Kentucky.

"Good Standing" means having no adverse actions, limitations, or restriction on privileges or Medical Staff Membership at the time of inquiry based on a reason of competence or conduct.

"Hearing Panel" means the panel appointed to conduct an evidentiary hearing pursuant to a request properly filed and pursued by a Practitioner in accordance with Part II, Section 5.1 of these *Medical Staff Bylaws*.

"Hospital" means Jennie Stuart Medical Center

"Hospital Bylaws" mean those Bylaws established by the Governing Board.

"Medical Executive Committee" or "MEC" shall mean the Executive Committee of the Medical Staff provided for in Part I, Section 6 of the *Medical Staff Bylaws*.

"Medical Staff or "Staff" means those individuals who are either physicians, dentists, or podiatrists who have obtained Membership status and have been granted privileges that allow them to attend patients and/or to provide other diagnostic, therapeutic, teaching or research services at the Hospital.

"*Medical Staff Bylaws*" means these Bylaws covering the operations of the Medical Staff of Jennie Stuart Medical Center.

"Medical Staff Rules and Regulations" means the rules and regulations adopted by the Medical Executive Committee and approved by the Governing Board.

"Medical Staff Year" is defined as the 12-month time period beginning on January 1st of each year and ending on December 31st.

"Member" is a physician, dentist, or podiatrist who has been granted this status by the Governing Board of Jennie Stuart Medical Center.

"Physician" means an individual who has received a Doctor of Medicine or Doctor of Osteopathy degree and is currently fully licensed to practice medicine in Kentucky.

"Podiatrist" means an individual who has received a Doctor of Podiatric Medicine degree and is currently licensed to practice podiatry in Kentucky.

"Prerogative" means the right to participate, by virtue of Staff category or otherwise, granted to a practitioner, and subject to the ultimate authority of the Governing Board and the conditions and limitations imposed in these Bylaws and in other Hospital and Medical Staff policies.

"Provider-based Clinic" is a clinic that is considered to be part of the Hospital by either: 1) working under the tax identification number of the Hospital, 2) working under the Medicare certification number (CCN) of the Hospital, or 3) is part of the Hospital survey by an accreditation agency.

"Representative" or "Hospital Representative" means the Governing Board and any Board member or committee thereof; the CEO or their designee; other employees of the Hospital; a Medical Staff organization or any Member, Officer, or committee thereof; and any individual appointed or authorized by any of the foregoing Representatives to perform specific functions related to gathering, analysis, use of dissemination of information.

"Special Notice" means written notice sent via certified mail, return receipt requested, by overnight delivery with confirmation of delivery, or by hand delivery evidenced by a receipt signed by the Practitioner to whom it is directed.

Section 2. Medical Staff Membership

2.1 Nature of Medical Staff Membership

Membership on the medical staff of the hospital is a privilege that shall be extended only to professionally competent physicians (M.D. or D.O.), dentists, oral maxillofacial surgeons, and podiatrists who continuously meet the qualifications, standards, and requirements set forth in these bylaws and associated rules, regulation, policies or procedures of the medical staff and the hospital.

2.2 Qualifications for Membership

The qualifications for medical staff membership are delineated in Part III of these bylaws (Credentials Procedures).

2.3 Nondiscrimination

The hospital will not discriminate in granting staff appointment and/or clinical privileges on the basis of national origin, race, gender, gender identification, sexual orientation, religion, ethnicity, color, age, veteran status, marital status, disability unrelated to the provision of patient care or required medical staff responsibilities, or any other basis prohibited by applicable law, to the extent the applicant is otherwise qualified.

2.4 Conditions and Duration of Appointment

The Board shall make initial appointment and reappointment to the medical staff. The Board shall act on appointment and reappointment only after the medical staff has had an opportunity to submit a recommendation from the Medical Executive Committee (MEC) with the exception of temporary, disaster, and emergency privileges. Appointment and reappointment to the medical staff shall be for no more than thirty six (36) calendar months.

2.5 Medical Staff Membership and Clinical Privileges

Requests for medical staff membership and/or clinical privileges will be processed only when the potential applicant meets the current minimum qualifying criteria approved by the Board. Membership and/or privileges will be granted and administered as delineated in Part III (Credentials Procedures) of these bylaws.

2.6 Medical Staff Members and APPs Responsibilities

- 2.6.1 Each staff member and APP must provide for appropriate, timely, and continuous care of his/her patients at the level of quality and efficiency generally recognized as appropriate by medical professionals in the same or similar circumstances.
- 2.6.2 Each staff member and APP must participate, as assigned or requested, in quality/performance improvement/peer review activities and in the discharge of other medical staff functions (including service on appropriate medical staff committees) as may be required.

- 2.6.3 Participation in emergency department coverage shall be determined in collaboration with the MEC and Hospital Administration. Coverage obligations may be fulfilled by medical staff, contractual arrangements, or other hospital-managed solutions, in compliance with EMTALA.
- 2.6.4 Each staff member and APP must submit to any pertinent type of health evaluation when requested by any two (2) of the following: the officers of the medical staff, Chief Executive Officer (CEO) or department chair, when it appears necessary to protect the well-being of patients and/or staff, or when requested by the MEC or credentials committee as part of an evaluation of the member's ability to exercise privileges safely and competently, or as part of a post-treatment monitoring plan consistent with the provisions of any medical staff and hospital policies addressing physician health or impairment.
- 2.6.5 Each staff member and APP must abide by the medical staff bylaws and any other rules, regulations, policies, procedures, and standards of the medical staff and hospital.
- 2.6.6 Each staff member and APP must provide evidence of professional liability coverage of a type and in an amount sufficient to cover the clinical privileges granted or an amount established by the Board (whichever is higher). In addition, staff members shall comply with any financial responsibility requirements that apply under state law to the practice of their profession. Each staff member shall notify the CEO or designee immediately of any medical malpractice claim filed in any court of law against the staff member.
- 2.6.7 Each applicant, staff member, and APP agrees to release from any liability, to the fullest extent permitted by law, all persons for their conduct in connection with investigating and/or evaluating the quality of care or professional conduct provided by the medical staff member and his/ her credentials. This release shall not apply if it is established by clear and convincing evidence that the person claiming the release acted in bad faith.
- 2.6.8 Each staff member and APP shall prepare and complete in timely fashion, according to medical staff and hospital policies, the medical and other required records for all patients to whom the practitioner provides care in the hospital, or within its facilities, clinical services, or departments.
- a. A medical history and physical examination, or outpatient assessment, be completed no more than 30 days before or 24 hours after admission or registration, but prior to surgery or a procedure requiring anesthesia services. The medical history and physical examination must be completed and documented by a physician, an oral maxillofacial surgeon, APRN or PA, or other qualified licensed individual in accordance with State law and hospital policy.

- b. An updated examination of the patient, including any changes in the patient's condition, be completed and documented within 24 hours after admission or registration, but prior to surgery or a procedure requiring anesthesia services, when the medical history and physical examination are completed within 30 days before admission or registration. The updated examination of the patient, including any changes in the patient's condition, must be completed and documented by a physician, an oral maxillofacial surgeon, APRN, or PA or other qualified licensed individual in accordance with State law and hospital policy.
 - c. The content of complete history and physical examinations, and outpatient assessments, are delineated in the rules and regulations.
- 2.6.9 Each staff member and APP will use confidential information only as necessary for treatment, payment or healthcare operations in accordance with HIPAA laws and regulations, to conduct authorized research activities, or to perform medical staff responsibilities. For purposes of these bylaws, confidential information means patient information, peer review information, and the hospital's business information designated as confidential by the hospital or its representatives prior to disclosure.
- 2.6.10 Each staff member and APP must participate in any type of competency evaluation when determined necessary by the MEC and/or Board in order to properly delineate that member's clinical privileges.
- 2.6.11 Each staff member and APP shall disclose to the medical staff any ownership or financial interest that may conflict with, or have the appearance of conflicting with, the interests of the medical staff or hospital. Medical staff leadership will deal with conflict of interest issues per the Medical Staff Conflict of Interest policy.

2.7 Medical Staff Member Rights

- 2.7.1 Each staff member in the active category has the right to a meeting with the MEC on matters relevant to the responsibilities of the MEC that may affect patient care or safety. In the event such practitioner is unable to resolve a matter of concern after working with his/her department chair or other appropriate medical staff leader(s), that practitioner may, upon written notice to the president of the medical staff two (2) weeks in advance of a regular meeting, meet with the MEC to discuss the issue.
- 2.7.2 Each staff member in the active category has the right to initiate a recall election of a medical staff officer by following the procedure outlined in Section 4.7 of these bylaws, regarding removal and resignation from office.

- 2.7.3 Each staff member in the active category may call for a general staff meeting to discuss a matter relevant to the medical staff by presenting a petition signed by twenty-five percent (25%) of the members of the active category. Upon presentation of such a petition, the MEC shall schedule a general staff meeting for the specific purposes addressed by the petitioners. No business other than that detailed in the petition may be transacted.
- 2.7.4 Each staff member in the active category may challenge any rule, regulation or policy established by the MEC. In the event that a rule, regulation or policy is thought to be inappropriate, any medical staff member may submit a petition signed by twenty-five percent (25%) of the members of the active category. Upon presentation of such a petition, the adoption procedure outlined in Section 9.2. will be followed.
- 2.7.5 Each staff member in the active category may call for a department meeting by presenting a petition signed by twenty-five percent (25%) of the members of the department. Upon presentation of such a petition the department chair will schedule a department meeting.
- 2.7.6 The above sections 2.7.1 to 2.7.5 do not pertain to issues involving individual peer review, formal investigations of professional performance or conduct, denial of requests for appointment or clinical privileges, or any other matter relating to individual membership or privileges. Part II of these bylaws (Investigations, Corrective Action, Hearing and Appeal Plan) provides recourse in these matters.
- 2.7.7 Any practitioner eligible for medical staff appointment has a right to a hearing/appeal pursuant to the conditions and procedures described in the medical staff's hearing and appeal plan (Part II of these bylaws).

2.8 Staff Dues

Annual dues, physicians and APP, shall be determined by the MEC. Failure to pay dues shall be considered a voluntary resignation. The MEC may pass policies from time to time which exempt from dues payment certain categories of membership, privileges or members holding specified leadership positions.

2.9 Indemnification

- 2.9.1 Members of the medical staff and APPs are entitled to the applicable immunity provisions of state and federal law for the credentialing, peer review and performance improvement work they perform on behalf of the hospital and medical staff.

- 2.9.2 Subject to applicable law, the hospital shall indemnify against reasonable and necessary expenses, costs, and liabilities incurred by a medical staff member or APP in connection with the defense of any pending or threatened action, suit or proceeding to which he is made a party by reason of his having acted in an official capacity in good faith on behalf of the hospital or medical staff. However, no member or APP shall be entitled to such indemnification if the acts giving rise to the liability constituted willful misconduct, breach of a fiduciary duty, self-dealing or bad faith.

Section 3. Categories of the Medical Staff

3.1 The Active Category

3.1.1 Qualifications

To qualify for this category, physicians must, in each calendar year, be involved in at least fifty (50) patient contacts at this hospital. Physicians who have privileges at other hospitals, to qualify for this category, must have in each calendar year, additionally, at least 2/3 of their patient contacts at this hospital, except that the requirements of this sentence shall not apply to physicians who were in the active category as of December 2010. A patient contact for purposes of this requirement shall include an admission, consultation, inpatient or outpatient surgery, or a shift of work for provider-based clinics, pathologist, radiologist, anesthesiologist, hospitalist or emergency physician.

In the event that a member of the active category does not meet the qualifications for reappointment to the active category, and if the member is otherwise abiding by all bylaws, rules, regulations, and policies of the medical staff and hospital, the member may be appointed to another medical staff category if s/he meets the eligibility requirements for such category.

3.1.2 Prerogatives

Members of this category may:

- a. Attend medical staff and department meetings of which s/he is a member and any medical staff or hospital education programs;
- b. Vote on all matters presented by the medical staff, department, and committee(s) to which the member is assigned;
- c. Hold office and sit on or be the chair of any committee in accordance with any qualifying criteria set forth elsewhere in the medical staff bylaws or medical staff policies.

3.1.3 Responsibilities

Members of this category shall:

- a. Contribute to the organizational and administrative affairs of the medical staff;
- b. Actively participate as requested or required in activities and functions of the medical staff, including quality/performance improvement and peer review, credentialing, risk and utilization management, medical records completion and in the discharge of other staff functions as may be required;
- c. Fulfill or comply with any applicable medical staff or hospital policies or procedures.

3.1.4 Clinical Privileges

Members of the Active Category may;

- a. Hold clinical privileges or;

- b. Hold Active membership *without* privileges [physician using the Hospitalist Program]

3.2 The Associate Category

3.2.1 Qualifications

The associate category is reserved for medical staff members who do not meet the eligibility requirements for the active category or choose not to pursue active status. This includes surgical sub-specialties for which the Medical Executive Committee determines there is a community need on a case-by-case basis who are allowed to perform procedures in the hospital's inpatient or outpatient surgery facilities no more than 3 days per month.

3.2.2 Prerogatives

Members of this category may:

- a. Attend medical staff and department meetings of which s/he is a member and any medical staff or hospital education programs;
- b. Not vote on matters presented by the entire medical staff or department or be an officer of the medical staff.
- c. Serve on medical staff committees, other than the MEC, if so appointed.

3.2.3 Responsibilities

Members of this category shall:

- d. Members of this category shall have the same responsibilities as active category members.

3.3 Emeritus Recognition

Emeritus Recognition is restricted to those individuals recommended by the MEC and approved by the Board. Emeritus Recognition is entirely discretionary and may be rescinded at any time. Emeritus Recognition shall consist of those individuals who were former Members and have retired from active hospital practice, who are of outstanding reputation, and have provided distinguished service to the hospital. They may attend medical staff and department meetings, continuing medical education activities, and may be appointed to committees. They are not Members so shall not hold clinical privileges, hold office or be eligible to vote.

Section 4. Officers of the Medical Staff

4.1 Officers of the Medical Staff

- 4.1.1 President of the Medical Staff
- 4.1.2 President elect
- 4.1.3 Communications Officer
- 4.1.4 Immediate Past President

4.2 Qualifications of Officers

- 4.2.1 Officers must be members in good standing of the active category for three (3) years and be actively involved in patient care in the hospital, have previously served in a significant leadership position on the medical staff, (e.g. department chair, committee chair, or MEC member) for at least two (2) years, indicate a willingness and ability to serve, have no pending adverse recommendations concerning medical staff appointment or clinical privileges, have no current restrictions on licensure or DEA, have participated in medical staff leadership training and/or be willing to participate in such training eight (8) hours per year during their term of office, have demonstrated an ability to work well with others, and be in compliance with the professional conduct policies of the hospital. The medical staff nominating committee will have discretion to determine if a staff member wishing to run for office meets the qualifying criteria. The immediate past president attains his/her position by automatic succession from the office of president.
- 4.2.2 Officers may not simultaneously hold a leadership position (position on the MEC or Board) on another hospital's medical staff or in a facility that is directly competing with the hospital. Noncompliance with this requirement will result in the officer being automatically removed from office unless the Board determines that allowing the officer to maintain his/her position is in the best interest of the hospital. The Board shall have discretion to determine what constitutes a "leadership position" at another hospital.

4.3 Election of Officers and the MEC at-large members

- 4.3.1 The nominating committee shall consist of the immediate past president, the president and the president elect. The committee shall offer at least one nominee for each available position. Nominations must be announced, and the names of the nominees distributed to all members of the active medical staff at least 30 days prior to the election.

4.3.2 A petition signed by at least ten percent (10%) of the members of the active staff may add nominations to the ballot. The medical staff must submit such a petition to the president of the medical staff at least fourteen (14) days prior to the election for the nominee(s) to be placed on the ballot. The nominating committee must determine if the candidate meets the qualifications in section 4.2 above before he/she can be placed on the ballot. The ballot will be distributed at least seven (7) days prior to the election.

4.3.3 Officers and the MEC at-large members shall be elected at the annual meeting of the medical staff by written ballot. Only members of the active category shall be eligible to vote. The nominee(s) who receives the greatest number of votes cast will be elected.

4.4 Term of Office

All officers and the MEC at-large members serve a term of one [1] year. They shall take office in the month of January. Each officer shall serve in office, until the end of his/her term of office or until a successor is appointed or unless s/he resigns sooner or is removed from office. An officer may serve no more than two (2) consecutive terms in the same position.

Commented [MH1]: Will need to determine if this will be in odd or even years.

Commented [MH2]: This was not discussed, but is very common – to ensure the ability to re-elect but to also have periodic turnover.

4.5 Vacancies of Office

The MEC shall fill vacancies of office during the medical staff year, except the office of the president of the medical staff. If there is a vacancy in the office of the president of the medical staff, the president elect shall serve the remainder of the term.

4.6 Duties of Officers

4.6.1 **President:** The president shall represent the interests of the medical staff to the MEC and the Board. The president of the medical staff is the primary elected officer of the medical staff and is the medical staff's advocate and representative in its relationships to the Board and the administration of the hospital. The president of the medical staff, jointly with the MEC, provides direction to and oversees medical staff activities related to assessing and promoting continuous improvement in the quality of clinical services and all other functions of the medical staff as outlined in the medical staff bylaws, rules, regulations and policies. Specific responsibilities and authority are to:

Commented [MH3]: This information was moved from Part IV, Section 1.5. This allows Part IV to be moved to the Rules and Regulations while the material that was moved here is required to be in the Bylaws.

- a. Call and preside at all general and special meetings of the medical staff;
- b. Serve as chair of the MEC and as ex officio member of all other medical staff committees without vote, and to participate as invited by the CEO or the Board on hospital or Board committees;
- c. Enforce medical staff bylaws, rules, regulations and medical staff/hospital policies;

- d. Except as stated otherwise, appoint committee chairs and all members of medical staff standing and ad hoc committees; in consultation with hospital administration, appoint medical staff members to appropriate hospital committees or to serve as medical staff advisors or liaisons to carry out specific functions ; in consultation with the chair of the Board, appoint the medical staff members to appropriate Board committees when those are not designated by position or by specific direction of the Board or otherwise prohibited by state law;
- e. Support and encourage medical staff leadership and participation on interdisciplinary clinical performance improvement activities;
- f. Report to the Board the MEC's recommendations concerning appointment, reappointment, delineation of clinical privileges or specified services, and corrective action with respect to practitioners who are applying for appointment or privileges, or who are granted privileges or providing services in the hospital;
- g. Continuously evaluate and periodically report to the hospital, MEC, and the Board regarding the effectiveness of the credentialing and privileging processes;
- h. Review and enforce compliance with standards of ethical conduct and professional demeanor among the members of the medical staff in their relations with each other, the Board, hospital management, other professional and support staff, and the community the hospital serves;
- i. Communicate and represent the opinions and concerns of the medical staff and its individual members on organizational and individual matters affecting hospital operations to hospital administration, the MEC, and the Board;
- j. Attend Board meetings and Board committee meetings as invited by the Board;
- k. Ensure that the decisions of the Board are communicated and carried out within the medical staff;
- l. Perform such other duties, and exercise such authority commensurate with the office as are set forth in the medical staff bylaws.

4.6.2 **President Elect:** In the absence of the president, the president elect shall assume all the duties and have the authority of the president. S/he shall perform such further duties to assist the president as the president may request from time to time.

4.6.3 **Communications Officer:** This officer will collaborate with the hospital's medical staff office, assure maintenance of minutes, attend to correspondence, act as medical staff treasurer, and coordinate communication within the medical staff. S/he shall perform such further duties to assist the president as the president may request from time to time.

- 4.6.4 **Immediate Past President:** This officer will serve as a consultant to the president and president elect and provide feedback to the officers regarding their performance of assigned duties on an annual basis. S/he shall perform such further duties to assist the president as the president may request from time to time. S/he may, but is not required to, attend MEC meetings and when present will be considered a voting member.

4.7 Removal and Resignation from Office

- 4.7.1 Removal by vote. Reasons for removal include failure to meet those responsibilities assigned within these bylaws, failure to comply with policies and procedures of the medical staff, for conduct that damages the hospital, its goals, or programs. The medical staff may initiate removal of any officer or MEC at-large member if at least twenty-five percent (25%) of the Active Members sign a petition advocating for such action. Removal shall become effective upon an affirmative vote by two thirds (2/3) of those active staff members casting ballot votes.
- 4.7.2 Automatic removal shall be for failure to maintain the qualifications of the office or an automatic or precautionary suspension of clinical privileges that lasts more than thirty days. The Board will determine if the member has failed in his/her duties after consulting with the joint conference committee.
- 4.7.3 **Resignation:** Any elected officer or MEC at-large member may resign at any time by giving written notice to the MEC. Such resignation takes effect on the date of receipt, when a successor is elected, or any later time specified therein.

Section 5. Medical Staff Organization

5.1 Organization of the Medical Staff

- 5.1.1 The medical staff shall be organized into departments. A list of departments organized by the medical staff and formally recognized by the MEC is listed in Part IV of the bylaws (Organization and Functions Manual).

The MEC, subject to medical staff approval, may recommend new medical staff departments or dissolve current departments as it determines will best promote the medical staff needs for promoting performance improvement, patient safety, and effective credentialing and privileging.

5.2 Qualifications, Selection, Term, and Removal of Department Chair

- 5.2.1 Each department chair shall serve a term of one (1) year commencing on January 1 and may be elected to serve three (3) successive terms. All chairs must be members of the active medical staff, have no current restrictions on licensure or DEA, have relevant clinical privileges, and be certified by an appropriate specialty board or have affirmatively established comparable competence through the credentialing process.

- 5.2.2 Department chairs shall be elected by majority vote of the active members of the department, subject to ratification by the MEC. Each department shall establish procedures for identifying and electing candidates and these procedures must be ratified by the MEC. If the post of chair of a department is vacated, an election shall be held within fourteen (14) days to elect a new chair who will preside through the remainder of that calendar year.

5.2.3 Removal of Department Chairs

- a. Removal by vote. Reasons for removal include failure to meet those responsibilities assigned within these bylaws, failure to comply with policies and procedures of the medical staff, for conduct that damages the hospital, its goals, or programs, or if the MEC determines that the chair has failed to demonstrate to the satisfaction of the MEC and the Board that he or she is effectively carrying out the responsibilities of the position. Department chairs may be removed from office by the MEC if two-thirds (2/3) of the members of the department recommend such action, or, in the absence of such recommendation, the MEC may remove a chair on its own by a two thirds vote if any of the following occurs:
- b. Automatic removal shall occur if the chair ceases to be a member in good standing of the medical staff or the chair suffers an involuntary loss or significant limitation of practice privileges.
- c. If a department chair is removed through these processes, a new election will be held according to established departmental procedures.
- d. Department chairs shall carry out the following responsibilities:

- i. To oversee all clinically-related activities of the department;
- ii. To oversee all administratively-related activities of the department unless otherwise provided by the hospital;
- iii. To provide ongoing surveillance of the performance of all individuals in the medical staff department who have been granted clinical privileges;
- iv. To recommend to the credentials committee the criteria for requesting clinical privileges that are relevant to the care provided in the medical staff department;
- v. To recommend clinical privileges for each member of the department and other licensed practitioners practicing with privileges within the scope of the department;
- vi. To assess and recommend to the MEC and hospital administration off-site sources for needed patient care services not provided by the medical staff department or the hospital;
- vii. To integrate the department into the primary functions of the hospital;
- viii. To coordinate and integrate interdepartmental and intradepartmental services and communication;
- ix. To develop and implement policies and procedures that guide and support the provision of patient care services and review and update these, at least triennially, in such a manner to reflect required changes consistent with current practice, problem resolution, and standards changes;
- x. To recommend to the CEO sufficient numbers of qualified and competent persons needed to provide patient care and service;
- xi. To provide input to the hospital administrator regarding the qualifications and competence of department or service personnel who are not LPs but provide patient care, treatment, and services;
- xii. To continually assess and improve of the quality of care, treatment, and services;
- xiii. To maintain quality control programs as appropriate;
- xiv. To orient and continuously educate all persons in the department or service;
- xv. To make recommendations to the MEC and the hospital administration for space and other resources needed by the medical staff department to provide patient care services.
- xvi. To appoint from members of the Active Staff, an individual to take care of a patient whose physician can no longer continue care of an admitted patient, in concert with the President of the medical staff.

5.3 Assignment to Department

The MEC will, after consideration of the recommendations of the chair of the appropriate department, recommend department assignments for all members in accordance with their qualifications. Each member will be assigned to one primary department. Clinical privileges are independent of department assignment.

Section 6. Committees

6.1 Designation and Substitution

There shall be a MEC and such other standing committees as established by the MEC and enumerated in Part IV of the bylaws (Organization and Functions Manual). Those functions requiring participation of, rather than direct oversight by the medical staff may be discharged by medical staff representation on such hospital committees as are established to perform such functions. The president of the medical staff may appoint ad hoc committees as necessary to address time-limited or specialized tasks.

6.2 MEC

6.2.1 Committee Membership:

- a. Composition: The MEC shall be a standing committee consisting of the following voting members: the officers of the medical staff, the chairs of the credentials and medical staff quality review committees, the department chairs and two (2) active medical staff members elected at-large. The department of Medicine shall have an at-large member to ensure one representative from primary care and another from a medicine subspecialty. The department of Surgery shall also have an at-large member. The chair will be the president of the medical staff. The non-voting members of the MEC shall be the CEO, CNO, CFO, an ER representative, and the chair of the Pharmacy and Therapeutics Committee.
- b. Removal from MEC: An officer or department chair who is removed from his/her position in accordance with Section 4.7 and/or Section 5.2.3 above will automatically lose his/her membership on the MEC. When the chair of either the credentials or medical staff quality review committees or department chair resigns or is removed from these positions, his/her replacement will serve on the MEC. When a member of the MEC who was elected at-large resigns or is removed, the MEC will arrange for an at-large election for a replacement to serve out the remainder of the vacated term. Such an election will follow procedures established by the MEC and must take place within sixty (60) days of the removal of an MEC member.

6.2.2 Duties: The duties of the MEC, as delegated by the medical staff, shall be to:

- a. Serve as the final decision-making body of the medical staff in accordance with the medical staff bylaws and provide oversight for all medical staff functions;
- b. Coordinate the implementation of policies adopted by the Board;
- c. Submit recommendations to the Board concerning all matters relating to appointment, reappointment, staff category, department/clinical section assignments, clinical privileges, and corrective action;
- d. Report to the Board and to the staff for the overall quality and efficiency of professional patient care services provided by individuals with clinical privileges and coordinate the participation of the medical staff in organizational performance improvement activities;

- e. Take reasonable steps to encourage and monitor professionally ethical conduct and competent clinical performance on the part of staff members including collegial and educational efforts and investigations, when warranted;
- f. Make recommendations to the Board on medical administrative and hospital management matters;
- g. Keep the medical staff up-to-date concerning the licensure and accreditation status of the hospital;
- h. Participate in identifying community health needs and in setting hospital goals and implementing programs to meet those needs;
- i. Review and act on reports from medical staff committees, departments, and other assigned activity groups;
- j. Formulate and recommend to the Board medical staff rules, policies, and procedures;
- k. Request evaluations of practitioners privileged through the medical staff process when there is question about an applicant or member's ability to perform privileges requested or currently granted;
- l. Make recommendations concerning the structure of the medical staff, the mechanism by which medical staff membership or privileges may be terminated, and the mechanisms for fair hearing procedures;
- m. Consult with administration on the quality, timeliness, and appropriateness of contracts for patient care services provided to the hospital by entities outside the hospital;
- n. Oversee that portion of the corporate compliance plan that pertains to the medical staff;
- o. Hold medical staff leaders, committees, and departments accountable for fulfilling their duties and responsibilities;
- p. Make recommendations to the medical staff for changes or amendments to the medical staff bylaws.
- q. The MEC is empowered to act for the organized medical staff between meetings of the organized medical staff.

6.2.3 Meetings: The MEC shall meet at least 10 times per year and more often as needed to perform its assigned functions. Permanent records of its proceedings and actions shall be maintained.

Section 7. Medical Staff Meetings

7.1 Medical Staff Meetings

- 7.1.1 The medical staff will meet at least three times a year, at a time determined by the MEC. Notice of the meeting shall be given to all medical staff members via appropriate media and posted conspicuously.
- 7.1.2 Except for bylaws amendments or as otherwise specified in these bylaws, the actions of a majority of the members present and voting at a meeting of the medical staff is the action of the group. Action may be taken without a meeting of the medical staff by presentation of the question to each member eligible to vote, in person, via telephone, and/or by mail or Internet, and their vote recorded in accordance with procedures approved by the MEC. Such vote shall be binding so long as the question that is voted on receives a majority of the votes cast.
- 7.1.3 Special Meetings of the Medical Staff
 - a. The president of the medical staff may call a special meeting of the medical staff at any time. The president of the medical staff must call a special meeting if so directed by a resolution of the MEC or upon petition signed by twenty-five percent (25%) of the Active Members of the staff. Such request or resolution shall state the purpose of the meeting. The president of the medical staff shall designate the time and place of any special meeting.
 - b. Written or electronic notice stating the time, place, and purposes of any special meeting of the medical staff shall be conspicuously posted and shall be sent to each member of the medical staff at least three (3) days before the date of such meeting. No business shall be transacted at any special meeting, except that stated in the notice of such meeting.

Commented [MH4]: To be consistent with Part I, Section 2.7.3

7.2 Regular Meetings of Medical Staff Committees and Departments

Committees and departments may, by resolution, provide the time for holding regular meetings without notice other than such resolution.

7.3 Special Meetings of Committees and Departments

A special meeting of any committee or department may be called by the chair thereof or by the President of the Medical Staff.

7.4 Quorum

- 7.4.1 Medical Staff Meetings: Those eligible medical staff members present and voting on an issue.
- 7.4.2 MEC, Credentials Committee, and Medical Staff Quality Review Committee: A quorum will exist when fifty percent (50%) of the voting members are present.

- 7.4.3 Department meetings or medical staff committees other than those listed in 7.4.2 above: Those present or those eligible medical staff members voting on an issue.

7.5 Attendance Requirements

- 7.5.1 Members of the medical staff are encouraged to attend meetings of the medical staff.
- a. MEC, Credentials Committee, and Medical Staff Quality Review Committee meetings: Members of these committees shall attend at least two-thirds (2/3) of the meetings held. If a member of one of these committees does not meet the attendance requirement, they will be replaced on the committee.
 - b. Special meeting attendance requirements: Whenever there is a reason to believe that a practitioner is not complying with medical staff or hospital policies or has deviated from standard clinical or professional practice, the president of the medical staff or the applicable department or committee chair may require the practitioner to confer with him/her or with a standing or ad hoc committee that is considering the matter. The practitioner will be given special notice of the meeting at least five (5) days prior to the meeting. This notice shall include the date, time, place, issue involved and that the practitioner's appearance is mandatory. Failure of the practitioner to appear at any such meeting after two notices, unless excused by the MEC for an adequate reason, will result in an automatic suspension of the practitioner's membership and privileges. Such suspension would not give rise to a fair hearing, but would automatically be rescinded if and when the practitioner participates in the previously referenced meeting.
 - c. Nothing in the foregoing paragraph shall preclude the initiation of precautionary restriction or suspension of clinical privileges as outlined in Part II of these bylaws (Investigations, Corrective Action, Hearing and Appeal Plan).

7.6 Participation by the CEO

The CEO is an ex-officio member of all medical staff committees to encourage participation of management to assist the medical staff. The committee may go in to executive session, with medical staff members only, when desired.

7.7 Robert's Rules of Order

Medical staff and committee meetings shall be run in a manner determined by the chair of the meeting. When parliamentary procedure is needed, as determined by the chair or evidenced by a majority vote of those attending the meeting, the latest abridged edition of Robert's Rules of Order shall determine procedure.

7.8 Notice of Meetings

Written or electronic notice stating the place, day, and hour of any special meeting or of any regular meeting not held pursuant to resolution shall be delivered or sent to each member of the department or committee not less than three (3) days before the time of such meeting. Attendance at the meeting waives any defect in notice.

7.9 Action of Committee or Department

The recommendation of a majority of its members present at a meeting at which a quorum is present shall be the action of a committee or department. The chair of a committee shall vote only in order to break a tie. Such recommendation will then be forwarded to the MEC for action.

7.10 Rights of Ex officio Members

Except as otherwise provided in these bylaws, persons serving as ex officio members of a committee shall have all rights and privileges of regular members, except that they shall not vote, be able to make motions or be counted in determining the existence of a quorum.

7.11 Minutes

Minutes of each regular and special meeting of a committee or department shall be prepared and shall include a record of the attendance of members and the vote taken on each matter. The presiding chair shall authenticate the minutes and copies thereof shall be submitted to the MEC or other designated committee. A permanent file of the minutes of each meeting shall be maintained.

Section 8. Conflict Resolution

8.1 Conflict Resolution

- 8.1.1 If the Board is considering taking action contrary to a recommendation by the MEC, involving issues of patient care or safety, the matter may (at the request of the MEC or Board) be submitted to a joint conference committee composed of the medical staff officers and an equal number of members of the Board for review and recommendation to the full Board. The committee will submit their recommendation to the Board within thirty (30) days of their meeting.
- 8.1.2 To promote timely and effective communication and to foster collaboration between the Board, management and medical staff, the chair of the Board, CEO or the president of the medical staff may call for a meeting between appropriate leaders, for any reason, to seek direct input, clarify any issue, or relay information directly.
- 8.1.3 Any conflict between the medical staff and the MEC will be resolved using the mechanisms noted in Sections 2.7.1 through 2.7.4 of Part I of these bylaws.

Section 9. Revision, Adoption, and Amendment

9.1 Medical Staff Responsibility

The medical staff shall have the responsibility to formulate, review, and recommend to the Board, at least biennially, any medical staff bylaws, rules, regulations, policies, procedures, and amendments as needed, which shall be effective when approved by the Board. The medical staff can exercise this responsibility through its elected and appointed leaders or through direct vote of its membership.

9.2 Methods of Adoption and Amendment to these Bylaws

9.2.1 Proposed amendments to these bylaws may be originated by the MEC or by a petition signed by twenty five percent (25%) of the members of the active category.

Each active member of the medical staff will be eligible to vote on the proposed amendment via printed or secure electronic ballot in a manner determined by the MEC. All active members of the medical staff shall receive at least thirty (30) days advance notice of the proposed changes. An amendment shall be considered adopted when it receives a simple majority of the votes cast by those members eligible to vote. Amendments so adopted shall be effective when approved by the Board.

9.3 Methods of Adoption and Amendment to any Medical Staff Rules, Regulations, and Policies

9.3.1 The Medical Staff may adopt additional rules, regulations, and policies as necessary to carry out its functions and meet its responsibilities under these Bylaws. A Rules and Regulations and/or Policies Manual may be used to organize these additional documents.

9.3.2 When a new rule, regulation, or policy is proposed, the proposing party (either the MEC or the organized Medical Staff) will communicate the proposal to the other party prior to vote.

9.3.3 The MEC shall vote on the proposed language changes at a regular meeting, or at a special meeting called for such purpose. Following an affirmative vote by the MEC, rules and regulations may be adopted, amended, or repealed, in whole or in part and such changes shall be effective when approved by the Board of Trustees. Policies and procedures will become effective upon approval of the MEC.

- 9.3.4 In addition to the process described in 9.3.3 above, the organized Medical Staff itself may recommend directly to the Governing Board an amendment(s) to any rule, regulation, or policy by submitting a petition signed by twenty-five percent (25%) of the Members of the Active category. Upon presentation of such petition, the adoption process outlined in 9.2.1 above will be followed.
- 9.3.5 In cases of a documented need for an urgent amendment to rules and regulations necessary to comply with law or regulation, the MEC may provisionally adopt and the governing body may provisionally approve an urgent amendment without prior notification of the medical staff. In such cases, the medical staff will be immediately notified by the MEC. The medical staff has the opportunity for retrospective review of and comment on the provisional amendment. If there is no conflict between the organized medical staff and the MEC, the provisional amendment stands. If there is conflict over the provisional amendment, it shall be voted upon by the each active member of the medical staff eligible to vote.
- 9.3.5 9.3.6 The MEC may adopt such amendments to these bylaws, rules, regulations, and policies that are, in the committee's judgment, technical or non-substantive legal modifications or clarifications. Such modifications may include reorganization or renumbering, punctuation, spelling, or other errors of grammar or expression. Such amendments need not be approved by the entire Board but must be approved by the hospital CEO. Neither the organized medical staff nor the Board may unilaterally amend the medical staff bylaws or rules and regulations. The Medical Staff Services Professional shall provide access to the amended bylaws, rules, regulations, and policies to all members of the medical staff within one month of passage.

Jennie Stuart Medical Center

Part II: Investigations, Corrective Actions, Hearing and Appeal Plan

Table of Contents

Section 1.	Collegial, Educational, and/or Informal Proceedings	1
Section 2.	Investigations	2
Section 3.	Corrective Action	4
Section 4.	Initiation and Notice of Hearing	9
Section 5.	Hearing Panel and Presiding Officer or Hearing Officer	12
Section 6.	Pre-Hearing and Hearing Procedure	14
Section 7.	Appeal to the Hospital Board	18

Section 1. Collegial, Educational, and/or Informal Proceedings

1.1 Criteria for Initiation

These bylaws encourage medical staff leaders and hospital management to use progressive steps, beginning with collegial and education efforts, to address questions relating to an individual's clinical practice and/or professional conduct. The goal of these progressive steps is to help the individual voluntarily respond to resolve questions that have been raised. All collegial intervention efforts by medical staff leaders and hospital management shall be considered confidential and part of the hospital's performance improvement and professional and peer review activities. Collegial intervention efforts are encouraged, but are not mandatory, and shall be within the discretion of the appropriate medical staff leaders and hospital management. When any observations arise suggesting opportunities for a practitioner to improve, the matter should be referred for peer review in accordance with the peer review and performance improvement policies adopted by the medical staff and hospital. Collegial intervention efforts may include but are not limited to the following:

- a. Educating and advising colleagues of all applicable policies, including those related to appropriate behavior, emergency call obligations, and the timely and adequate completion of medical records;
- b. Following up on any questions or concerns raised about the clinical practice and/or conduct of privileged practitioners and recommending such steps as proctoring, monitoring, consultation, and letters of guidance;
- c. Sharing summary comparative quality, utilization, and other relevant information to assist individuals to conform their practices to appropriate norms.

Following collegial intervention efforts, if it appears that the practitioner's performance places patients in danger or compromises the quality of care, or unreasonably interferes with the efficient operation of the hospital, or in cases where it appears that patients may be placed in harm's way while collegial interventions are undertaken, the MEC will consider whether it should be recommended to the Board to restrict or revoke the practitioner's membership and/or privileges. Before issuing such a recommendation the MEC may authorize an investigation for the purpose of gathering and evaluating any evidence and its sufficiency.

Section 2. Investigations

2.1 Initiation

A request for an investigation must be submitted in writing by a medical staff officer, committee chair, department chair, CEO, or hospital board chair to the MEC. The request must be supported by references to the specific activities or conduct that is of concern. If the MEC itself initiates an investigation, it shall appropriately document its reasons.

2.2 Investigation

If the MEC decides that an investigation is warranted, it shall direct an investigation to be undertaken through the adoption of a formal resolution. In the event the Board believes the MEC has incorrectly determined that an investigation is unnecessary, it may direct the MEC to proceed with an investigation.

The MEC may conduct the investigation itself or may assign the task to an appropriate standing or ad hoc committee of the medical staff.

If the investigation is delegated to a committee other than the MEC, such committee shall proceed with the investigation promptly and forward a written report of its findings, conclusions, and recommendations to the MEC as soon as feasible. The committee conducting the investigation shall have the authority to review all documents it considers relevant, to interview individuals, to consider appropriate clinical literature and practice guidelines, and to utilize the resources of an external consultant if it deems a consultant is necessary and such action is approved by the MEC and the CEO. The investigating body may also require the practitioner under review to undergo a physical and/or mental examination and may access the results of such exams. The investigating body shall notify the practitioner in question of the allegations that are the basis for the investigation and provide to the practitioner an opportunity to provide information in a manner and upon such terms as the investigating body deems appropriate. A meeting between the practitioner in question and the investigating body (and meetings with any other individuals the investigating body chooses to interview) shall not constitute a "hearing" as that term is used in the hearing and appeals sections of these bylaws. The procedural rules with respect to hearings or appeals shall not apply to these meetings. The individual being investigated shall not have the right to be represented by legal counsel before the investigating body nor to compel the medical staff to engage external consultation. Despite the status of any investigation, the MEC shall retain the authority and discretion to take whatever action may be warranted by the circumstances, including suspension, termination of the investigative process; or other action.

2.2.1 An external peer review consultant should be considered when:

- a. Litigation seems likely;
- b. The hospital is faced with ambiguous or conflicting recommendations from medical staff committees, or where there does not appear to be a strong consensus for a particular recommendation. In these circumstances consideration may be given by the MEC or the Board to retain an objective external reviewer;

- c. There is no one on the medical staff with expertise in the subject under review, or when the only physicians on the medical staff with appropriate expertise are direct competitors, partners, or associates of the physician under review.

2.3 MEC Action

As soon as feasible after the conclusion of the investigation the MEC shall take action that may include, without limitation:

- a. Determining no corrective action is warranted, and if the MEC determines there was not credible evidence for the complaint in the first instance, removing any adverse information from the practitioner's file;
- b. Deferring action for a reasonable time when circumstances warrant;
- c. Issuing letters of education, admonition, censure, reprimand, or warning, although nothing herein shall be deemed to preclude appropriate committee/departments/section chairs from issuing informal written or oral warnings prior to an investigation. In the event such letters are issued, the affected practitioner may make a written response, which shall be placed in the practitioner's file;
- d. Recommending the imposition of terms of probation or special limitation upon continued medical staff membership or exercise of clinical privileges, including, without limitation, requirements for co-admissions, mandatory consultation, or monitoring/proctoring;
- e. Recommending denial, restriction, modification, reduction, suspension, revocation, or probation of clinical privileges;
- f. Recommending reductions of membership status or limitation of any prerogatives directly related to the member's delivery of patient care;
- g. Recommending suspension, revocation, or probation of medical staff membership;
- h. Taking other actions deemed appropriate under the circumstances.

2.4 Subsequent Action

If the MEC recommends any termination or restriction of the practitioner's membership or privileges, that recommendation shall be immediately transmitted in writing to the Board. The Board shall act on the MEC's recommendation unless the member requests a hearing, in which case the final decision shall be determined as set forth in this Hearing and Appeal plan.

Section 3. Corrective Action

3.1 Automatic Suspension/Relinquishment and Voluntary Suspension/Resignation

In the following "triggering circumstances", the practitioner's or APP's privileges and/or membership will be considered suspended, relinquished, or limited as described, and the action shall be final without a right to hearing. Where a dispute exists as to whether the circumstances have occurred, the relinquishment, suspension, or limitation will stand until the MEC determines it is not applicable. The MEC will make such a determination as soon as feasible. The president of the medical staff may reinstate the practitioner's privileges or membership after determining that the triggering circumstances have been rectified or are no longer present. If the triggering circumstances have not been resolved within sixty days, the practitioner will have to reapply for membership and/or privileges. In addition, further corrective action may be recommended in accordance with these bylaws whenever any of the following actions occur:

3.1.1 Licensure

- a. **Revocation and suspension:** Whenever a practitioner's license or other legal credential authorizing practice in this state is revoked, suspended, expired, or voluntarily relinquished, medical staff membership and clinical privileges shall be automatically relinquished by the practitioner as of the date such action becomes effective.
- b. **Restriction:** Whenever a practitioner's license or other legal credential authorizing practice in this state is limited or restricted by an applicable licensing or certifying authority, any clinical privileges that the practitioner has been granted at this hospital that are within the scope of said limitation or restriction shall be automatically limited or restricted in a similar manner, as of the date such action becomes effective and throughout its term.
- c. **Probation:** Whenever a practitioner is placed on probation by the applicable licensing or certifying authority, his or her membership status and clinical privileges shall automatically become subject to the same terms and conditions of the probation as of the date such action becomes effective and throughout its term.
- d. **Medicare, Medicaid, Tricare (a managed-care program that replaced the former Civilian Health and Medical Program of the Uniformed Services), or other federal programs:** Whenever a practitioner is sanctioned or barred from Medicare, Medicaid, Tricare, or other federal programs, medical staff membership and clinical privileges shall be considered automatically relinquished as of the date such action becomes effective. Any practitioner listed on the United States Department of Health and Human Services Office of the Inspector General's List of Excluded Individuals/Entities will be considered to have automatically relinquished his or her privileges.

3.1.2 Controlled substances

- a. **DEA certificate:** Whenever a practitioner's United States Drug Enforcement Agency (DEA) certificate is revoked, limited, or suspended, the practitioner will automatically and correspondingly be divested of the right to prescribe medications covered by the certificate, as of the date such action becomes effective and throughout its term.
- b. **Probation:** Whenever a practitioner's DEA certificate is subject to probation, the practitioner's right to prescribe such medications shall automatically become subject to the same terms of the probation, as of the date such action becomes effective and throughout its term.

3.1.3 **Medical record completion requirements:** A practitioner will be considered to have the privilege to admit new patients or schedule new procedures automatically suspended whenever s/he fails to complete medical records within time frames established by the MEC. This suspension of privileges shall not apply to patients admitted or already scheduled at the time of suspension, to emergency patients, or to imminent deliveries. The suspended privileges will be automatically restored upon completion of the medical records and compliance with medical records policies.

3.1.4 **Professional liability insurance:** Failure of a practitioner to maintain professional liability insurance in the amount required by state regulations and medical staff and Board policies and sufficient to cover the clinical privileges granted shall result in immediate automatic suspension of a practitioner's clinical privileges. If within 60 calendar days of the suspension, the practitioner does not provide evidence of required professional liability insurance (including prior acts coverage (nose coverage) for any period during which insurance was not maintained), the practitioner shall not be considered for reinstatement and shall be considered to have voluntarily resigned from the medical staff. The practitioner must notify the medical staff office immediately of any change in professional liability insurance carrier or coverage.

3.1.5 **Dues/special assessments:** Failure to promptly pay dues or any special assessment shall be considered an automatic suspension of a practitioner's appointment. If within 60 calendar days after written warning of the delinquency the practitioner does not remit such payments, the practitioner shall be considered to have voluntarily resigned membership/privileges on the medical staff.

- 3.1.6 **Failure to satisfy the special appearance requirement:** A practitioner who fails without good cause to appear at a meeting where his/her special appearance is required in accordance with these bylaws shall be considered to have all clinical privileges automatically suspended with the exception of emergencies and imminent deliveries. These privileges will be restored when the practitioner complies with the special appearance requirement. Failure to comply within 30 calendar days will be considered a voluntary resignation from the medical staff.
- 3.1.7 **Failure to participate in an evaluation:** A practitioner who fails to participate in an evaluation of his/her qualifications for medical staff membership or privileges as required under these bylaws (whether an evaluation of physical or mental health or of clinical management skills), shall be considered to have all privileges automatically suspended. These privileges will be restored when the practitioner complies with the requirement for an evaluation. Failure to comply within 30 calendar days will be considered a voluntary resignation from the medical staff.
- 3.1.8 **Failure to become board certified:** A practitioner who fails to become board certified in compliance with these bylaws or medical staff credentialing policies will be deemed to have immediately and voluntarily relinquished his or her medical staff appointment and clinical privileges unless an exception is granted for good cause by the Board upon recommendation from the MEC.
- 3.1.9 **Termination from Another Medical Staff:** A practitioner who has been terminated from another hospital's medical staff, or resigned in lieu of conducting an investigation, shall be considered to have voluntarily resigned from the Medical Staff.
- 3.1.10 **Loss of supervising/collaborating physician for Advanced Practice Professionals and Allied Health Professionals:** If an APP or AHP loses their relationship with a supervising/collaborating physician on staff at this Hospital, then the APP or AHP is automatically suspended until the APP or AHP develops a new supervision/collaboration relationship with another Member of the Medical Staff. If another supervising/collaborating relationship is not developed within sixty (60) days, then the APP or AHP automatically relinquished their privileges. This provision does not apply to APRNs who are authorized to practice independently under Section 4.6.7 of the Rules and Regulations and who are required to maintain a supervising or collaborating physician relationship.

Commented [MH5]: To be consistent with Part II, Section 4.2.t and with the new qualification

- 3.1.11 **Failure to Execute Release and/or Provide Documents:** A practitioner who fails to execute a general or specific release of information and/or provide documents when requested by the president of the medical staff or designee to evaluate the competency and credentialing/privileging qualifications of the practitioner shall be considered to have all privileges automatically suspended. If the release is executed and/or documents provided within thirty calendar days of notice of the suspension, the practitioner may be reinstated. Thereafter, the member or APP will be deemed to have resigned voluntarily from the staff and must reapply for staff membership and privileges.
- 3.1.12 **MEC Deliberation:** As soon as practicable after action is taken or warranted as described above, the MEC shall convene to review and consider the facts, and may recommend such further corrective action as it may deem appropriate following the procedure generally set forth in these bylaws.

3.2 Precautionary Restriction or Suspension

- 3.2.1 **Criteria for Initiation:** A precautionary restriction or suspension may be imposed when a good faith belief exists that immediate action must be taken to protect the life or well-being of patient(s); or to reduce a substantial and imminent likelihood of significant impairment of the life, health, and safety of any person or when medical staff leaders and/or the CEO determines that there is a need to carefully consider any event, concern, or issue that, if confirmed, has the potential to affect patient or employee safety or the effective operation of the institution. Under such circumstances two of the following: CEO or designee, president of the medical staff or designee, or the MEC may restrict or suspend the medical staff membership or clinical privileges of such practitioner as a precaution. A suspension of all or any portion of a practitioner's clinical privileges at another hospital may be grounds for a precautionary suspension of all or any of the practitioner's clinical privileges at this hospital.

Unless otherwise stated, such precautionary restriction or suspension shall become effective immediately upon imposition and the person or body responsible shall promptly give written notice to the practitioner, the MEC, the CEO, and the board. The restriction or suspension may be limited in duration and shall remain in effect for the period stated or, if none, until resolved as set forth herein. The precautionary suspension is not a complete professional review action in and of itself, and it shall not imply any final finding regarding the circumstances that caused the suspension.

Unless otherwise indicated by the terms of the precautionary restriction or suspension, the practitioner's patients shall be promptly assigned to another medical staff member by the president of the medical staff or designee, considering, where feasible, the wishes of the affected practitioner and the patient in the choice of a substitute practitioner.

- 3.2.2 **MEC action:** As soon as feasible and within 14 calendar days after such precautionary suspension has been imposed, the MEC shall meet to review and consider the action and if necessary begin the investigation process as noted in Section 1.3 above. Upon request and at the discretion of the MEC, the practitioner will be given the opportunity to address the MEC concerning the action, on such terms and conditions as the MEC may impose, although in no event shall any meeting of the MEC, with or without the practitioner, constitute a "hearing" as defined in this hearing and appeal plan, nor shall any procedural rules with respect to hearing and appeal apply. The MEC may modify, continue, or terminate the precautionary restriction or suspension, but in any event it shall furnish the practitioner with notice of its decision.
- 3.2.3 **Procedural rights:** Unless the MEC promptly terminates the precautionary restriction or suspension prior to or immediately after reviewing the results of any investigation, as described above, the member or APP shall be entitled to the procedural rights afforded by this hearing and appeal plan once the restrictions or suspension last more than 14 calendar days.

Section 4. Initiation and Notice of Hearing

4.1 Initiation of Hearing

Any practitioner eligible for medical staff appointment and/or clinical privileges shall be entitled to request a hearing whenever an unfavorable recommendation with regard to clinical competence or professional conduct has been made by the MEC or the Board. Hearings will be triggered only by the following "adverse actions" when the basis for such action is related to clinical competence or professional conduct:

- a. Denial of medical staff appointment or reappointment;
- b. Revocation of medical staff appointment;
- c. Denial or restriction of requested clinical privileges;
- d. Involuntary reduction or revocation of clinical privileges;
- e. Application of a mandatory concurring consultation requirement, or an increase in the stringency of a pre-existing mandatory concurring consultation requirement, when such requirement only applies to an individual medical staff member or APP and is imposed for more than fourteen (14) calendar days;
- f. Suspension of staff appointment or clinical privileges, but only if such suspension is for more than fourteen (14) calendar days and is not caused by the member's or APP's failure to complete medical records or any other reason unrelated to clinical competence or professional conduct.

4.2 Hearings Will Not Be Triggered by the Following Actions

- a. Issuance of a letter of guidance, warning, or reprimand.
- b. Imposition of a requirement for proctoring (i.e., observation of the practitioner's performance by a peer in order to provide information to a medical staff peer review committee) with no restriction on privileges.
- c. Failure to process a request for a privilege when the applicant/member/APP does not meet the eligibility criteria to hold that privilege.
- d. Conducting an investigation into any matter or the appointment of an ad hoc investigation committee.
- e. Requirement to appear for a special meeting under the provisions of these bylaws.
- f. Automatic suspension/relinquishment or voluntary resignation of appointment or privileges.
- g. Denial of a request for leave of absence, or for an extension of a leave.
- h. Determination that an application is incomplete or untimely.
- i. Determination that an application will not be processed due to misstatement or omission.
- j. Decision not to expedite an application.

- k. Denial, termination or limitation of temporary privileges unless for demonstrated incompetence or unprofessional conduct.
- l. Determination that an applicant for membership does not meet the requisite qualifications/criteria for membership.
- m. Imposition of supervision, for fourteen (14) days or less, pending completion of an investigation to determine whether corrective action is warranted.
- n. Termination of any contract with or employment by hospital.
- o. Proctoring, monitoring, and any other performance monitoring requirements imposed, for fourteen (14) days or less, in order to fulfill any accreditation standards on focused professional practice evaluation.
- p. Any recommendation voluntarily accepted by the practitioner.
- q. Expiration of membership and privileges as a result of failure to submit an application for reappointment within the allowable time period.
- r. Change in assigned staff category.
- s. Refusal of the credentials committee or MEC to consider a request for appointment, reappointment, or privileges within five (5) years of a final adverse decision regarding such request at this or another facility.
- t. Removal or limitations of emergency department call obligations.
- u. Any requirement to complete an educational assessment.
- v. Retrospective chart review.
- w. Any requirement to complete a health and/or psychiatric/psychological assessment required under these bylaws.
- x. Grant of conditional appointment or appointment for a limited duration.
- y. Appointment or reappointment for duration of less than 24 months.

4.3 Notice of Recommendation of Adverse Action

When a precautionary suspension lasts more than fourteen (14) calendar days or when a recommendation is made, which, according to this plan entitles an individual to request a hearing prior to a final decision of the Board, the affected individual shall promptly (but no longer than five (5) calendar days) be given written notice by the CEO delivered either in person or by certified mail, return receipt requested. This notice shall contain:

- a. A statement of the recommendation made and the general reasons for it (Statement of Reasons);
- b. Notice that the individual shall have thirty (30) calendar days following the date of the receipt of such notice within which to request a hearing on the recommendation.
- c. Notice that the recommendation, if finally adopted by the board, may result in a report to the state licensing authority (or other applicable state agencies) and the National Practitioner Data Bank;

- d. The individual shall receive a copy of Part II of these bylaws outlining procedural rights with regard to the hearing.

4.4 Request for Hearing

A practitioner shall have thirty (30) calendar days following the date of the receipt of such notice within which to request the hearing. The request shall be made in writing to the CEO or designee. In the event the affected individual does not request a hearing within the time and in the manner required by this policy, the individual shall be deemed to have waived the right to such hearing and to have accepted the recommendation made. Such recommended action shall become effective immediately upon final board action.

4.5 Notice of Hearing and Statement of Reasons

Upon receipt of the practitioner's timely request for a hearing the CEO shall schedule the hearing and shall give written notice to the person who requested the hearing. The notice shall include:

- a. The time, place and date of the hearing;
- b. A proposed list of witnesses (as known at that time, but which may be modified) who will give testimony or evidence on behalf of the MEC, (or the Board), at the hearing;
- c. The names of the hearing panel members and presiding officer, if known;
- d. A statement of the specific reasons for the recommendation as well as the list of patient records and/or information supporting the recommendation. This statement, and the list of supporting patient record numbers and other information, may be amended or added to at any time, even during the hearing so long as the additional material is relevant to the continued appointment or clinical privileges of the individual requesting the hearing, and that individual and the individual's counsel have sufficient time to study this additional information and rebut it.

The hearing shall begin as soon as feasible, but no sooner than thirty (30) calendar days after the notice of the hearing unless an earlier hearing date has been specifically agreed to in writing by both parties.

4.6 Witness List

At least fifteen (15) calendar days before the hearing, each party shall furnish to the other a written list of the names of the witnesses intended to be called. Either party may request that the other party provide either a list of, or copies of, all documents that will be offered as pertinent information or relied upon by witnesses at the hearing and which are pertinent to the basis for which the disciplinary action was proposed. The witness list of either party may, in the discretion of the presiding officer, be supplemented or amended at any time during the course of the hearing, provided that notice of the change is given to the other party. The presiding officer shall have the authority to limit the number of witnesses.

Section 5. Hearing Panel and Presiding Officer

5.1 Hearing Panel

- a. When a hearing is requested, a hearing panel of not fewer than three individuals will be appointed. This panel will be appointed by a joint decision of the president of the medical staff and the CEO. No individual appointed to the hearing panel shall have actively participated in the consideration of the matter involved at any previous level. However, mere knowledge of the matter involved shall not preclude any individual from serving as a member of the hearing panel. Employment by, or a contract with, the hospital or an affiliate shall not preclude any individual from serving on the hearing panel. Hearing panel members need not be members of the hospital medical staff. When the issue before the panel is a question of clinical competence, all panel members shall be clinical practitioners. Panel members need not be clinicians in the same specialty as the member requesting the hearing.
- b. The hearing panel shall not include any individual who is in direct economic competition with the affected practitioner or any such individual who is professionally associated with or related to the affected practitioner. This restriction on appointment shall include any individual designated as the chair or the presiding officer.
- c. The CEO or designee shall notify the practitioner requesting the hearing of the names of the panel members and the date by which the practitioner must object, if at all, to appointment of any member(s). Any objection to any member of the hearing panel or to the hearing officer or presiding officer shall be made in writing to the CEO, who, in conjunction with the president of the medical staff, shall determine whether a replacement panel member should be identified. Although the practitioner who is the subject of the hearing may object to a panel member, s/he is not entitled to veto that member's participation. Final authority to appoint panel members will rest with the president of the medical staff and the CEO.

5.2 Hearing Panel Chairperson or Presiding Officer

- 5.2.1 The CEO, acting for the Board and after considering the recommendations of the president of the medical staff (or those of the chair of the Board, if the hearing is occasioned by a Board determination) shall appoint an attorney at law or other individual experienced in legal proceedings as presiding officer. Such presiding officer may not act as a prosecuting officer, or as an advocate for either side at the hearing. The presiding officer may participate in the private deliberations of the hearing panel and may serve as a legal advisor to it, but shall not be entitled to vote on its recommendation.
- 5.2.2 If no presiding officer has been appointed, a chair of the hearing panel shall be appointed by the CEO to serve as the presiding officer and shall be entitled to one vote.
- 5.2.3 The presiding officer (or hearing panel chair) shall do the following:

- a. Act to insure that all participants in the hearing have a reasonable opportunity to be heard and to present oral and documentary evidence subject to reasonable limits on the number of witnesses and duration of direct and cross examination, applicable to both sides, as may be necessary to avoid cumulative or irrelevant testimony or to prevent abuse of the hearing process;
- b. Prohibit conduct or presentation of evidence that is cumulative, excessive, irrelevant, or abusive, or that causes undue delay. In general, it is expected that a hearing will last no more than fifteen hours;
- c. Maintain decorum throughout the hearing;
- d. Determine the order of procedure throughout the hearing;
- e. Have the authority and discretion, in accordance with these bylaws , to make rulings on all questions that pertain to matters of procedure and to the admissibility of evidence;
- f. Act in such a way that all information reasonably relevant to the continued appointment or clinical privileges of the individual requesting the hearing is considered by the hearing panel in formulating its recommendations;
- g. Conduct argument by counsel on procedural points and may do so outside the presence of the hearing panel;
- h. Seek legal counsel when s/he feels it is appropriate. Legal counsel to the hospital may advise the presiding officer or panel chair.

Section 6. Pre-Hearing and Hearing Procedure

6.1 Provision of Relevant Information

- 6.1.1 There is no right to formal “discovery” in connection with the hearing. The presiding officer, hearing panel chair, or hearing officer shall rule on any dispute regarding discoverability and may impose any safeguards, including denial or limitation of discovery to protect the peer review process and ensure a reasonable and fair hearing. In general, the individual requesting the hearing shall be entitled, upon specific request, to the following, subject to a stipulation signed by both parties, the individual’s counsel and any experts that such documents shall be maintained as confidential consistent with all applicable state and federal peer review and privacy statutes and shall not be disclosed or used for any purpose outside of the hearing:
- a. Copies of, or reasonable access to, all patient medical records referred to in the Statement of Reasons, at his or her expense;
 - b. Reports of experts relied upon by the MEC;
 - c. Copies of redacted relevant committee minutes;
 - d. Copies of any other documents relied upon by the MEC or the Board;
 - e. No information regarding other practitioners shall be requested, provided or considered;
 - f. Evidence unrelated to the reasons for the recommendation or to the individual’s qualifications for appointment or the relevant clinical privileges shall be excluded.
- 6.1.2 Prior to the hearing, on dates set by the presiding officer or agreed upon by counsel for both sides, each party shall provide the other party with all proposed exhibits. All objections to documents or witnesses to the extent then reasonably known shall be submitted in writing prior to the hearing. The presiding officer shall not entertain subsequent objections unless the party offering the objection demonstrates good cause.
- 6.1.3 There shall be no contact by the individual who is the subject of the hearing with those individuals appearing on the hospital’s witness list concerning the subject matter of the hearing; nor shall there be contact by the hospital with individuals appearing on the affected individual’s witness list concerning the subject matter of the hearing, unless specifically agreed upon by that individual or his/her counsel.

6.2 Pre-Hearing Conference

The presiding officer may require a representative for the individual and for the MEC (or the Board) to participate in a pre-hearing conference. At the pre-hearing conference, the presiding officer shall resolve all procedural questions, including any objections to exhibits or witnesses, and determine the time to be allotted to each witness's testimony and cross-examination. The appropriate role of the attorneys will be decided at the pre-hearing conference.

6.3 Failure to Appear

Failure, without good cause, of the individual requesting the hearing to appear and proceed at such a hearing shall be deemed to constitute a waiver of all hearing and appeal rights and a voluntary acceptance of the recommendations or actions pending, which shall then be forwarded to the Board for final action. Good cause for failure to appear will be determined by the presiding officer, chair of the hearing panel, or hearing officer.

6.4 Record of Hearing

The hearing panel shall maintain a record of the hearing by a reporter present to make a record of the hearing or a recording of the proceedings. The cost of such reporter shall be borne by the hospital, but copies of the transcript shall be provided to the individual requesting the hearing at that individual's expense. Oral evidence shall be taken only on oath or affirmation administered by a person authorized to notarize documents in the Commonwealth of Kentucky.

6.5 Rights of the Practitioner and the Hospital

- 6.5.1 At the hearing both sides shall have the following rights, subject to reasonable limits determined by the presiding officer:
 - a. To call and examine witnesses to the extent available;
 - b. To introduce exhibits;
 - c. To cross-examine any witness on any matter relevant to the issues and to rebut any evidence;
 - d. To be represented by an attorney at law, who may furnish advice, address procedural issues, examine witnesses, and otherwise participate in the hearing.
 - e. To submit a written statement at the close of the hearing.
- 6.5.2 Any individuals requesting a hearing who do not testify in their own behalf may be called and examined as if under cross-examination.
- 6.5.3 The hearing panel may question the witnesses, call additional witnesses or request additional documentary evidence.

6.6 Admissibility of Evidence

The hearing shall not be conducted according to legal rules of evidence. Hearsay evidence shall not be excluded merely because it may constitute legal hearsay. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the admissibility of such evidence in a court of law.

6.7 Burden of Proof

It is the burden of the MEC (or the Board) to demonstrate that the action recommended is valid and appropriate. It is the burden of the practitioner under review to demonstrate that s/he satisfies, on a continuing basis, all criteria for initial appointment, reappointment, and clinical privileges and fully complies with all medical staff and hospital policies.

6.8 Post-Hearing Memoranda

Each party shall have the right to submit a post-hearing memorandum, and the hearing panel may request such a memorandum to be filed, following the close of the hearing.

6.9 Official Notice

The presiding officer shall have the discretion to take official notice of any matters, either technical or scientific, relating to the issues under consideration. Participants in the hearing shall be informed of the matters to be officially noticed and such matters shall be noted in the record of the hearing. Either party shall have the opportunity to request that a matter be officially noticed or to refute the noticed matter by evidence or by written or oral presentation of authority. Reasonable additional time shall be granted, if requested by either party, to present written rebuttal of any evidence admitted on official notice.

6.10 Postponements and Extensions

Postponements and extensions of time beyond any time limit set forth in this policy may be requested by anyone but shall be permitted only by the presiding officer or the CEO on a showing of good cause.

6.11 Persons to be Present

The hearing shall be restricted to those individuals involved in the proceeding. Administrative personnel may be present as requested by the president of the medical staff or CEO. If a hearing panel member is absent for any reason, that individual may continue on the hearing panel only at the discretion of the Presiding Officer.

6.12 Order of Presentation

The Board or the MEC, depending on whose recommendation prompted the hearing initially, shall first present evidence in support of its recommendation. Thereafter, the burden shall shift to the individual who requested the hearing to present evidence.

6.13 Basis of Recommendation

The hearing panel shall recommend in favor of the MEC (or the Board) unless it finds that the individual who requested the hearing has proved, by a preponderance of the evidence, that the recommendation that prompted the hearing was arbitrary, capricious, or not supported by credible evidence.

6.14 Adjournment and Conclusion

The presiding officer may adjourn the hearing and reconvene the same at the convenience and with the agreement of the participants. Upon conclusion of the presentation of evidence by the parties and questions by the hearing panel, the hearing shall be closed.

6.15 Deliberations and Recommendation of the Hearing Panel

Within twenty (20) calendar days after final adjournment of the hearing, the hearing panel shall conduct its deliberations outside the presence of any other person (except the presiding officer, if one is appointed) and shall render a recommendation, accompanied by a report, signed by all the panel members, which shall contain a concise statement of the reasons for the recommendation.

6.16 Disposition of Hearing Panel Report

The hearing panel shall deliver its report and recommendation to the CEO who shall forward it, along with all supporting documentation, to the Board for further action. The CEO shall also send a copy of the report and recommendation, certified mail, return receipt requested, to the individual who requested the hearing, and to the MEC for information and comment.

Section 7. Appeal to the Hospital Board

7.1 Time for Appeal

Within ten (10) calendar days after the hearing panel makes a recommendation, either the practitioner subject to the hearing or the MEC may appeal the recommendation. The request for appellate review shall be in writing, and shall be delivered to the CEO or designee either in person or by certified mail, and shall include a brief statement of the reasons for appeal and the specific facts or circumstances which justify further review. If such appellate review is not requested within ten (10) calendar days, both parties shall be deemed to have accepted the recommendation involved, and the hearing panel's report and recommendation shall be forwarded to the board.

7.2 Grounds for Appeal

The grounds for appeal shall be limited to the following:

- a. There was substantial failure to comply with the medical staff bylaws prior to or during the hearing so as to deny a fair hearing; or
- b. The recommendation of the hearing panel was made arbitrarily, capriciously or with prejudice; or
- c. The recommendation of the hearing panel was not supported by substantial evidence based upon the hearing record.

7.3 Time, Place and Notice

Whenever an appeal is requested as set forth in the preceding sections, the chair of the Board shall schedule and arrange for an appellate review as soon as arrangements can be reasonably made, taking into account the schedules of all individuals involved. The affected individual shall be given notice of the time, place and date of the appellate review. The chair of the Board may extend the time for appellate review for good cause.

7.4 Nature of Appellate Review

- a. The chair of the Board shall appoint a review panel composed of at least three (3) members of the Board to consider the information upon which the recommendation before the Board was made. Members of this review panel may not be direct competitors of the practitioner under review and should not have participated in any formal investigation leading to the recommendation for corrective action that is under consideration.

- b. The review panel may, but is not required to, accept additional oral or written evidence subject to the same procedural constraints in effect for the hearing panel or hearing officer. Such additional evidence shall be accepted only if the party seeking to admit it can demonstrate that it is new, relevant evidence and that any opportunity to admit it at the hearing was denied. If additional oral evidence or oral argument is conducted, the review panel shall maintain a record of any oral arguments or statements by a reporter present to make a record of the review or a recording of the proceedings. The cost of such reporter shall be borne by the hospital, but copies of the transcript shall be provided to the individual requesting the review at that individual's expense. The review panel may, but shall not be required to, order that oral evidence shall be taken only on oath or affirmation administered by any person designated to administer such oaths and entitled to notarize documents in the State of Kentucky.
- c. Each party shall have the right to present a written statement in support of its position on appeal. In its sole discretion, the review panel may allow each party or its representative to appear personally and make a time-limited thirty-minute (30) oral argument. The review panel shall recommend final action to the Board.
- d. The Board may affirm, modify or reverse the recommendation of the review panel or, in its discretion, refer the matter for further review and recommendation, or make its own decision based upon the Board's ultimate legal responsibility to grant appointment and clinical privileges.

7.5 Final Decision of the Hospital Board

Within thirty (30) calendar days after receiving the review panel's recommendation, the Board shall render a final decision in writing, including specific reasons for its action, and shall deliver copies thereof to the affected individual and to the chairs of the credentials committee and MEC, in person or by certified mail, return receipt requested.

7.6 Right to One Appeal Only

No applicant or medical staff member shall be entitled as a matter of right to more than one (1) hearing or appellate review on any single matter which may be the subject of an appeal. In the event that the Board ultimately determines to deny medical staff appointment or reappointment to an applicant, or to revoke or terminate the medical staff appointment and/or clinical privileges of a current member, that individual may not apply within five (5) years for medical staff appointment or for those clinical privileges at this hospital unless the Board advises otherwise.

7.7 Fair hearing and appeal for Practitioners who are not Physicians or Dentists

Practitioners who are not physicians or dentists are not entitled to the hearing and appeals procedures set forth in the Medical Staff Bylaws. In the event one of these practitioners receives notice of a recommendation by the MEC that will adversely affect their exercise of clinical privileges, the practitioner shall have the right to meet personally with two physicians and a peer assigned by the President of the Medical Staff to discuss the recommendation. The practitioner must request such a meeting in writing to the CEO within ten (10) business days from the date of receipt of such notice. At the meeting, the practitioner must be present to discuss, explain, or refute the recommendation, but such meeting shall not constitute a hearing and none of the procedural rules set forth in the Medical Staff Bylaws with respect to hearings shall apply. Findings from this review body will be forwarded to the affected practitioner, the MEC and the Jennie Stuart Governing Board.

The practitioner may request an appeal in writing to the CEO within ten (10) days of receipt of the findings of the review body. Two members of the Jennie Stuart Governing Board assigned by the chair of the Jennie Stuart Governing Board shall hear the appeal from the practitioner. A representative from the Medical Staff leadership may be present. The decision of the appeal body will be forwarded to the Jennie Stuart Governing Board for final decision. The practitioner will be notified within ten (10) days of the final decision of the Jennie Stuart Governing Board. If the decision is adverse to the practitioner, they will not be allowed to reapply for five (5) years.

Commented [MH6]: This is a simpler 2-step process of fair hearing and appeal for APPs and AHPs. This is for your consideration.

Jennie Stuart Medical Center

Part III: Credentials Procedures

Table of Contents

Section 1.	Medical Staff Credentials Committee	1
Section 2.	Qualifications for Membership and/or Privileges	3
Section 3.	Initial Appointment Procedure	6
Section 4.	Reappointment	15
Section 5.	Clinical Privileges	17
Section 6.	Clinical Competency Evaluation	23
Section 6.	Reapplication after Modifications of Membership Status or Privileges and Exhaustion of Remedies	24
Section 7.	Leave of Absence	26
Section 8.	Practitioners Providing Contracted Services	27

Section 1. Medical Staff Credentials Committee

1.1 Composition

Membership of the medical staff credentials committee shall consist of at least five (5) members of the active medical staff. The president of the medical staff will appoint the chair and other members. Members will be appointed for three (3) year terms with the initial terms staggered such that approximately one-third (1/3) of the members will be appointed each year. The chair will be appointed for a three (3) year term. The chair and members may be reappointed for additional terms without limit. The chair may be removed by a two-thirds (2/3) vote of the MEC. The committee may also include other members such as representatives from hospital administration and the Board.

1.2 Meetings

The medical staff credentials committee shall meet at least quarterly or upon call of the chair or president of the medical staff.

1.3 Responsibilities

- 1.3.1 To review and recommend action on all applications and reapplications for membership on the medical staff including assignments of medical staff category;
- 1.3.2 To review and recommend action on all requests regarding privileges from eligible practitioners;
- 1.3.3 To recommend eligibility criteria for the granting of medical staff membership and privileges;
- 1.3.4 To develop, recommend, and consistently implement policy and procedures for all credentialing and privileging activities;
- 1.3.5 To review, and where appropriate take action on, reports that are referred to it from other medical staff committees, medical staff or hospital leaders;
- 1.3.6 To perform such other functions as requested by the MEC.

1.4 Confidentiality

This committee shall function as a peer review committee consistent with federal and state law. All members of the committee shall, consistent with the medical staff and hospital confidentiality policies, keep in strict confidence all papers, reports, and information obtained by virtue of membership on the committee.

1.4.1 The credentials file is the property of the hospital and will be maintained with strictest confidence and security. The files will be maintained by the designated agent of the hospital in locked file cabinets or in secure electronic format. Medical staff and administrative leaders may access credential files for appropriate peer review and institutional reasons. Files may be shown to accreditation and licensure agency representatives with permission of the CEO or designee.

1.4.2 Individual practitioners may review their credentials file under the following circumstances:

Only upon written request approved by the president of the medical staff, CEO, or credentials chair. Review of such files will be conducted in the presence of the medical staff service professional, medical staff leader, or a designee of administration. Confidential letters of reference may not be reviewed by practitioners and will be sequestered in a separate file and removed from the formal credentials file prior to review by a practitioner. Nothing may be removed from the file; only items submitted by, or directly addressed to the practitioner, may be copied. The practitioner may make notes for inclusion in the file. A written or electronic record will be made and placed in the file confirming the dates and circumstances of the review.

Section 2. Qualifications for Membership and/or Privileges

- 2.1** No practitioner shall be entitled to membership on the medical staff or to privileges merely by virtue of licensure, membership in any professional organization, or privileges at any other healthcare organization.
- 2.2** The following qualifications must be met by all applicants for medical staff appointment, reappointment or clinical privileges:
- 2.2.1 Demonstrate that s/he has successfully graduated from an approved school of medicine, osteopathy, dentistry, podiatry or applicable recognized course of training in a clinical profession eligible to hold privileges;
 - 2.2.2 Have a current unrestricted state or federal license as a practitioner, applicable to his or her profession, and providing permission to practice within the state of Kentucky. The license must be unrestricted for initial appointment;
 - 2.2.3 Have a record that is free from current Medicare/Medicaid exclusions/preclusions and not be on the OIG List of Excluded Individuals/Entities;
 - 2.2.4 A physician applicant, MD or DO, must have successfully completed an allopathic or osteopathic residency program, approved by the Accreditation Council for Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) and must have achieved initial board certification within the first five [5] years of completing residency as defined by the appropriate specialty board of the American Board of Medical Specialties or the American Osteopathic Association;
 - 2.2.5 Dentists must have graduated from an American Dental Association approved school of dentistry accredited by the Commission of Dental Accreditation;
 - 2.2.6 Oral maxillofacial surgeons must have graduated from an American Dental Association approved school of dentistry accredited by the Commission of Dental Accreditation and successfully completed an American Dental Association approved residency program and be board certified or become board certified within five (5) years of completing formal training as defined by the American Board of Oral and Maxillofacial Surgery;
 - 2.2.7 A podiatric physician, DPM, must have successfully completed a two-year (2) residency program in surgical, orthopedic, or podiatric medicine approved by the Council on Podiatric Medical Education of the American Podiatric Medical Association (APMA), and be board certified or become board certified within five (5) years of completing formal training as determined by the American Board of Foot and Ankle Surgery or the American Board of Podiatric Medicine;

Commented [MH7]: It is felt that this is no longer necessary. If any requirement is waived by the MEC and Governing Board, then the language in Section 2.4 suffices.

2.2.8 Possess a current, valid, unrestricted drug enforcement administration (DEA) number if applicable. The DEA must be unrestricted for initial appointment;

2.2.9 Have no history of termination from another hospital's medical staff, or resignation in lieu of conducting an investigation within the past five (5) years;

Commented [MH8]: Added for consistency throughout the document

2.2.10 Have appropriate written and verbal communication skills;

2.2.11 Have appropriate personal qualifications, including applicant's consistent observance of ethical and professional standards. These standards include, at a minimum:

- a. Abstinence from any participation in fee splitting or other illegal payment, receipt, or remuneration with respect to referral or patient service opportunities;
- b. A history of consistently acting in a professional, appropriate and collegial manner with others in previous clinical and professional settings.

2.3 In addition to privilege specific criteria, the following qualifications must also be met and continuously maintained by all applicants requesting clinical privileges:

2.3.1 Demonstrate his/her background, experience, training, current competence, knowledge, judgment, and ability to perform all privileges requested;

2.3.2 Upon request provide evidence of both physical and mental health that does not impair the fulfillment of his/her responsibilities of medical staff membership and the specific privileges requested by and granted to the applicant;

2.3.3 Any practitioner granted privileges who may have occasion to admit an inpatient must demonstrate the capability to provide continuous and timely care to the satisfaction of the MEC and Board;

2.3.4 Demonstrate recent clinical performance within the last twelve (12) months with an active clinical practice in the area in which clinical privileges are sought adequate to meet current clinical competence criteria;

2.3.5 The applicant is requesting privileges for a service the Board has determined appropriate for performance at the hospital. There must also be a need for this service under any Board approved medical staff development plan;

2.3.6 Provide evidence of professional liability insurance appropriate to all privileges requested and of a type and in an amount established by the Board after consultation with the MEC.

2.4 Exceptions

- 2.4.1 All practitioners who are current medical staff members and/or hold privileges as of January 2011 and who have met prior qualifications for membership and/or privileges shall be exempt from board certification requirements (except for those practitioners who have completed formal training in the last five (5) years and thus must become board certified as stated above).
- 2.4.2 A physician who meets all other qualifications for clinical privileges may, upon recommendation by the Credentials Committee and the MEC and approval of the Board, be granted an exception to the requirements of 2.2.4 for the sole purpose of providing part time coverage for a physician on the associate staff or active staff, which exception shall be reviewed no less frequently than annually.
- 2.4.3 Only the Board may create additional exceptions but only after consultation with the MEC and if there is documented evidence that a practitioner demonstrates an equivalent competence in the areas of requested privileges.

Section 3. Initial Appointment Procedure

3.1 Completion of Application

- 3.1.1 All requests for applications for appointment to the medical staff and requests for clinical privileges will be forwarded to the medical staff office. Upon receipt of the request, the medical staff office will provide the applicant an application package, which will include a complete set or overview of the medical staff bylaws or reference to an electronic source for this information. This package will enumerate the eligibility requirements for medical staff membership and/or privileges and a list of expectations of performance for individuals granted medical staff membership or privileges.

A completed application includes, at a minimum:

- a. a completed, signed, dated application form
- b. a completed privilege delineation form if requesting privileges
- c. copies of all requested documents and information necessary to confirm the applicant meets criteria for membership and/or privileges and to establish current competency
- d. all applicable fees
- e. receipt of all references; references shall come from peers knowledgeable about the applicant's experience, ability and current competence to perform the privileges being requested. At least one (1) peer reference shall be from a practitioner in the same professional discipline as the applicant with personal knowledge of the applicant's ability to practice.
- f. relevant practitioner-specific data as compared to aggregate data, when available
- g. morbidity and mortality data, when available.

An application shall be deemed incomplete if any of the above items are missing or if the need arises for new, additional, or clarifying information in the course of reviewing an application. An incomplete application will not be processed and the applicant will not be entitled to a fair hearing. Anytime in the credentialing process it becomes apparent that an applicant does not meet all eligibility criteria for membership or privileges, the credentialing process will be terminated and no further action taken.

- 3.1.2 The burden is on the applicant to provide all required information. It is the applicant's responsibility to ensure that the medical staff office receives all required supporting documents verifying information on the application and to provide sufficient evidence, as required in the sole discretion of the hospital, that the applicant meets the requirements for medical staff membership and/or the privileges requested. If information is missing from the application, or new, additional, or clarifying information is required, a letter requesting such information will be sent to the applicant. If the requested information is not returned to the medical staff office within forty-five (45) calendar days of the receipt of the request letter, the application will be deemed to have been voluntarily withdrawn.
- 3.1.3 Upon receipt of a completed application the credentials chair or designee, in collaboration with the medical staff office, will determine if the requirements of section 2.2 are met. In the event the requirements of section 2.2 are not met, the potential applicant will be notified that s/he is ineligible to apply for membership or privileges on the medical staff, the application will not be processed and the applicant will not be eligible for a fair hearing. If the requirements of section 2.2 are met, the application will be accepted for further processing.
- 3.1.4 Individuals seeking appointment shall have the burden of producing information deemed adequate by the hospital for a proper evaluation of current competence, character, ethics, and other qualifications, and of resolving any doubts.
- 3.1.5 Upon receipt of a completed application, the medical staff office will verify current licensure, education, relevant training, and current competence from the primary source whenever feasible. When it is not possible to obtain information from the primary source, reliable secondary sources may be used if there has been a documented attempt to contact the primary source. In addition, the medical staff office will collect relevant additional information which may include:
- a. Information from all prior and current liability insurance carriers concerning claims, suits, settlements and judgments, (if any) during the past ten (10) years;
 - b. Verification of the applicant's past clinical work experience for at least the past ten (10) years;
 - c. Licensure status in all current or past states of licensure at the time of initial granting of membership or privileges; in addition, the medical staff office will primary source verify licensure at the time of renewal or revision of clinical privileges, whenever a new privilege is requested, and at the time of license expiration.
 - d. Information from the AMA or AOA Physician Profile, Federation of State Medical Boards, Verify Comply and the OIG list of Excluded Individuals/Entities;
 - e. Information from professional training programs including residency and fellowship programs;

- f. A current picture ID card issued by a state or federal agency (e.g. driver's license or passport) or current picture hospital ID card, in which the practitioner is visually confirmed to the photo ID by the healthcare organization;
- g. Information from the National Practitioner Data Bank (NPDB); in addition the NPDB will be queried at the time of renewal of privileges and whenever a new privilege(s) is requested.
- h. Other information about adverse credentialing and privileging decisions;
- i. One or more peer recommendations, as selected by the credentials committee, chosen from practitioner(s) who have observed the applicant's clinical and professional performance and can evaluate the applicant's current medical/clinical knowledge, technical and clinical skills, clinical judgment, interpersonal skills, communication skills, and professionalism and physical, mental and emotional ability to perform requested privileges.
- j. Information from a lifetime criminal background check, for initial appointment only;
- k. Information from any other sources relevant to the qualifications of the applicant to serve on the medical staff and/or hold privileges;
- l. Morbidity and mortality data and relevant practitioner-specific data as compared to aggregate data, when available.
- m. If available and not legally protected, the results of any drug testing and/or other health testing required by a health care institution or licensing board.

Note: In the event there is undue delay in obtaining required information, the medical staff office will request assistance from the applicant. During this time period, the "time periods for processing" the application will be appropriately modified. Failure of an applicant to adequately respond to a request for assistance after forty-five calendar days will be deemed a withdrawal of the application.

- 3.1.6 When the items identified in Section 3.1 above have been obtained, the file will be considered verified and complete and eligible for evaluation.

3.2 Applicant's Attestation, Authorization and Acknowledgement

The applicant must complete and sign the application form. By signing this application the applicant:

- 3.2.1 Attests to the accuracy and completeness of all information on the application or accompanying documents and agreement that any substantive inaccuracy, omission, or misrepresentation, whether intentional or not, may be grounds for termination of the application process without the right to a fair hearing or appeal. If the inaccuracy, omission or misstatement is discovered after an individual has been granted appointment and/or clinical privileges, the individual's appointment and privileges may lapse effective immediately upon notification of the individual without the right to a fair hearing or appeal.
- 3.2.2 Consents to appear for any requested interviews in regard to his/her application.

- 3.2.3 Authorizes the hospital and medical staff representatives to consult with prior and current associates and others who may have information bearing on his/her professional competence, character, ability to perform the privileges requested, ethical qualifications, ability to work cooperatively with others, and other qualifications for membership and the clinical privileges requested.
- 3.2.4 Consents to hospital and medical staff representatives' inspection of all records and documents that may be material to an evaluation of:
- a. professional qualifications and competence to carry out the clinical privileges requested;
 - b. physical and mental/emotional health status to the extent relevant to safely perform requested privileges;
 - c. professional and ethical qualifications;
 - d. professional liability actions including currently pending claims involving the applicant;
 - e. any other issue relevant to establishing the applicant's suitability for membership and/or privileges.
- 3.2.5 Releases from liability and promises not to sue, all individuals and organizations who provide information to the hospital or the medical staff, including otherwise privileged or confidential information to the hospital representatives concerning his/her background; experience; competence; professional ethics; character; physical and mental health to the extent relevant to the capacity to fulfill requested privileges; emotional stability; utilization practice patterns; and other qualifications for staff appointment and clinical privileges.
- 3.2.6 Authorizes the hospital medical staff and administrative representatives to release any and all credentialing and peer review information to other hospitals, medical associations, licensing boards, appropriate government bodies and other health care entities or to engage in any valid discussion relating to the past and present evaluation of the applicant's training, experience, character, conduct, judgment or other matters relevant to the determination of the applicant's overall qualifications. Acknowledges and consents to agree to an absolute and unconditional release of liability and waiver of any and all claims, lawsuits or challenges against any medical staff or hospital representative regarding the release of any requested information and further, that all such representatives shall have the full benefit of this release and absolute waiver as well as any legal protections afforded under the law.
- 3.2.7 Acknowledges that the applicant has had access to the medical staff bylaws, including all rules, regulations, policies and procedures of the medical staff and agrees to abide by their provisions.

Notwithstanding section 3.2.5 through 3.2.7, if an individual institutes legal action and does not prevail, s/he shall reimburse the hospital and any member of the medical staff named in the action for all costs incurred in defending such legal action, including reasonable attorney(s) fees.

- 3.2.8 Agrees to provide accurate answers to the application questions and agrees to immediately notify the hospital in writing should any of the information regarding these items change during processing of this application or the period of the applicant's medical staff membership or privileges. If the applicant answers any of the following questions affirmatively and/or provides information identifying a problem with any of the following items, the applicant will be required to submit a written explanation of the circumstances involved.

Commented [MH9]: The questions were removed since already on the application. It is easier to change the application questions, than to have to get a bylaws amendment.

3.3 Application Evaluation

- 3.3.1 Applications must be reviewed and acted on by the department chair, credentials committee, MEC, and the Board. The credentials committee may request that an appropriate subject matter expert assess selected applications. At all stages in this review process, the burden is upon the applicant to provide evidence that s/he meets the criteria for membership on the medical staff and for the granting of requested privileges.

Credentialing Process: An expedited review and approval process may be used for initial appointment or for reappointment. The need for expedited approval must be documented in the Credential File from the applicant, Hospital CEO or his designee and the President of the Medical Staff or his designee.

All initial applications for membership and/or privileges will be designated Category 1 or Category 2 as follows;

Category 1: A completed application that does not raise concerns as identified in the criteria for Category 2. Applicants in Category 1 will be granted Medical Staff membership and/or privileges after review and action by the following: Department Chair, credentials chair acting on behalf of the Credentials Committee, the MEC and a Board committee consisting of at least two individuals.

The Board may delegate to a committee of at least two voting members of the Board the authority to render decisions concerning initial appointments to membership and granting of privileges, reappointment to membership and renewal or modification of privileges, provided that such delegated authority can be exercised only when the criteria described below are met:

- The application has been reviewed and approved by the MEC;
- There is no current challenge and there has been no previously successful challenge to the applicant's licensure or registration;
- The applicant has not received an involuntary termination of medical staff

- membership at another hospital;
- The applicant has not received involuntary limitation, reduction, denial, or loss of clinical privileges;
- There is no indication of an unusual pattern or an excessive number of professional liability actions resulting in final judgment against the applicant.

Category 2: If one or more of the following criteria are identified in the course of reviewing a completed and verified application, the application will be treated as Category 2. Applications in Category 2 must be reviewed and acted on by the Department Chair, Credentials Committee, MEC, and the Board. The Credentials Committee may request that an appropriate subject matter expert assess selected applications. At all stages in this review process, the burden is upon the applicant to provide evidence that s/he meets the criteria for membership on the Medical Staff and for the granting of requested privileges.

- Applicant is, or has been, under investigation by a state medical board, state controlled substance registration authority, DEA or has prior disciplinary actions or legal sanctions;
- Applicant changed medical schools or residency programs or has unexplained gaps in training or practice twenty-eight (28) days or greater;
- Applicant has changed practice affiliations three or more times in the past ten (10) years, excluding telemedicine and locum tenens practitioners and those serving in the military;
- Applicant has one or more reference responses that raise concerns or questions;
- Substantive discrepancy is found between information received from the applicant and references or verified information;
- Applicant has an adverse National Practitioner Data Bank report unrelated to professional liability actions;
- The request for privileges is not reasonable based upon applicant's experience, training, and demonstrated current competence, and/or is not in compliance with applicable criteria;
- Applicant has been removed from a managed care panel for reasons of professional conduct or quality;
- Applicant has potentially relevant physical, mental, and/or emotional health problems;
- Other reasons as determined by a Medical Staff leader or other representative of the hospital which raise questions about the qualifications, competency, professionalism, or appropriateness of the applicant for Membership or privileges.

3.3.2 Applicant Interview

- a. All applicants for appointment to the medical staff and/or the granting of clinical privileges may be required to participate in an interview at the discretion of the credentials committee, department chair, MEC or Board. The interview may take place in person or by telephone at the discretion of the hospital or its agents. The interview may be used to solicit information required to complete the credentials file or clarify information previously provided, e.g., clinical knowledge and judgment, professional behavior, malpractice history, reasons for leaving past healthcare organizations, or other matters bearing on the applicant's ability to render care at the generally recognized level for the community. The interview may also be used to communicate medical staff performance expectations.
- b. Procedure: the applicant will be notified if an interview is requested. Failure of the applicant to appear for a scheduled interview will be deemed a withdrawal of the application.

3.3.3 Department Chair Action

- a. All completed applications are presented to the department chair for review, and recommendation. The department chair reviews the application to ensure that it fulfills the established standards for membership and/or clinical privileges. The department chair may obtain input if necessary from an appropriate subject matter expert. If a department chair believes a conflict of interest exists that might preclude his/her ability to make an unbiased recommendation s/he will notify the credentials chair and forward the application without comment.
- b. The department chair forwards to the medical staff credentials committee the following:
 - A recommendation as to whether the application should be acted on as Category 1 or Category 2;
 - A recommendation to approve the applicant's request to membership and/or privileges; to approve membership but modify the requested privileges; or deny membership and/or privileges;
 - A recommendation to define those circumstances which require monitoring and evaluation of clinical performance after initial grant of clinical privileges;
 - Comments to support these recommendations.

3.3.4 Medical Staff Credentials Committee Action

The medical staff credentials committee reviews the application to ensure that it fulfills the established standards for membership and/or clinical privileges and forwards the following to the MEC:

- a. A recommendation as to whether the application should be acted on as Category 1 or Category 2;

- b. A recommendation to approve the applicant's request for membership and/or privileges; to approve membership but modify the requested privileges; or deny membership and/or privileges;
- c. A recommendation to define those circumstances which require monitoring and evaluation of clinical performance after initial grant of clinical privileges;
- d. Comments to support these recommendations.

3.3.5 MEC Action

The application is reviewed to ensure that it fulfills the established standards for membership and/or clinical privileges. The MEC forwards the following to the Board:

- a. A recommendation as to whether the application should be acted on as Category 1 or Category 2;
- b. A recommendation to approve the applicant's request for membership and/or privileges; to approve membership but modify the requested privileges; or deny membership and/or privileges;
- c. A recommendation to define those circumstances which require monitoring and evaluation of clinical performance after initial grant of clinical privileges;
- d. Comments to support these recommendations.
- e. Whenever the MEC makes an adverse recommendation to the Board, a special notice, stating the reason, will be sent to the applicant who shall then be entitled to the procedural rights provided in Part II of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan).

3.3.6 Board Action:

- a. The Board reviews the application and votes for one of the following actions:
 - The Board may adopt or reject in whole or in part a recommendation of the MEC or refer the recommendation to the MEC for further consideration stating the reasons for such referral back and setting a time limit within which a subsequent recommendation must be made. If the Board concurs with the applicant's request for membership and/or privileges it will grant the appropriate membership and/or privileges for a period not to exceed thirty six (36) months.
 - If the board's action is adverse to the applicant, a special notice, stating the reason, will be sent to the applicant who shall then be entitled to the procedural rights provided in Part II of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan).
 - The Board shall take final action in the matter as provided in Part II of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan).

3.3.7 **Notice of final decision:** Notice of the Board's final decision shall be given, through the CEO to the MEC and to the chair of each department concerned. The applicant shall receive written notice of appointment and special notice of any adverse final decisions in a timely manner. A decision and notice of appointment includes the staff category to which the applicant is appointed, the department to which s/he is assigned, the clinical privileges s/he may exercise, the timeframe of the appointment, and any special conditions attached to the appointment.

3.3.8 **Time periods for processing:** All individual and groups acting on an application for staff appointment and/or clinical privileges must do so in a timely and good faith manner, and, except for good cause, each application will be processed within 180 (one-hundred eighty) calendar days.

These time periods are deemed guidelines and do not create any right to have an application processed within these precise periods. If the provisions of Part II of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan) are activated, the time requirements provided therein govern the continued processing of the application.

Section 4. Reappointment

4.1 Criteria for Reappointment

- 4.1.1 It is the policy of the hospital to approve for reappointment and/or renewal of privileges only those practitioners who meet the criteria for initial appointment as identified in section 2. The MEC must also determine that the practitioner provides effective care that is consistent with the hospital standards regarding ongoing quality and the hospital performance improvement program. The practitioner must provide the information enumerated in Section 4.2 below. All reappointments and renewals of clinical privileges are for a period not to exceed thirty six (36) months. The granting of new clinical privileges to existing medical staff members or APPs will follow the steps described in Section 3 above concerning the initial granting of new clinical privileges and Section 6 below concerning focused professional practice evaluation. A suitable peer shall substitute for the department chair in the evaluation of current competency of the department chair, and recommend appropriate action to the credentials committee.

Commented [MH10]: This is no longer needed if the license and DEA (Section 2.2.8 instead of 2.2.10) needs to be unrestricted only on initial appointment.

4.2 Information Collection and Verification

- 4.2.1 **From appointee:** On or before four (4) months prior to the date of expiration of a medical staff appointment or grant of privileges, a representative from the medical staff office notifies the practitioner of the date of expiration and supplies him/her with an application for reappointment for membership and/or privileges. At least sixty (60) calendar days prior to this date the practitioner must return the following to the medical staff office:
- A completed reapplication form, which includes complete information to update his/her file on items listed in his/her original application, any required new, additional, or clarifying information, and any required fees or dues;
 - Information concerning continuing training and education internal and external to the hospital during the preceding period;
 - By signing the reapplication form the appointee agrees to the same terms as identified in Section 3.2 above.
- 4.2.2 From internal and/or external sources: The medical staff office collects and verifies information regarding each staff appointee's professional and collegial activities to include those items listed in Section 3.2.9, items a.-w.
- 4.2.3 The following information is also collected and verified:
- A summary of clinical activity at this hospital for each appointee due for reappointment.

- b. Performance and conduct in this hospital and other healthcare organizations in which the practitioner has provided any clinical care since the last reappointment, including patient care, medical/clinical knowledge, practice-based learning and improvement, interpersonal and communication skills, professionalism, and system-based practice;
 - c. Attestation of any required hours of continuing medical education activity;
 - d. Service on medical staff, department, and hospital committees;
 - e. Timely and accurate completion of medical records;
 - f. Compliance with all applicable bylaws, policies, rules, regulations, and procedures of the hospital and medical staff;
 - g. Any significant gaps in employment or practice since the previous appointment or reappointment;
 - h. Verification of current licensure;
 - i. National Practitioner Data Bank query;
 - j. Information from Verify Comply and the OIG list of Excluded Individuals/Entities;
 - k. When sufficient peer review data is not available to evaluate competency, one or more peer recommendations, as selected by the credentials committee, chosen from practitioner(s) who have observed the applicant's clinical and professional performance and can evaluate the applicant's current medical/clinical knowledge, technical and clinical skills, clinical judgment, interpersonal skills, communication skills, and professionalism and physical, mental and emotional ability to perform requested privileges;
 - l. Malpractice history for the past two (2) years which is primary source verified with the practitioner's malpractice carrier(s).
- 4.2.4 Failure, without good cause, to provide any requested information, at least forty-five (45) calendar days prior to the expiration of appointment will result in a cessation of processing of the application and automatic expiration of appointment when the appointment period is concluded. Once the information is received, the medical staff office verifies this additional information and notifies the staff appointee of any additional information that may be needed to resolve any doubts about performance or material in the credentials file.

4.3 Evaluation of Application for Reappointment of Membership and/or Privileges

The reappointment application will be reviewed and acted upon as described in Sections 3.3.3 through 3.3.8 above. For the purpose of reappointment an "adverse recommendation" by the Board as used in section 3 means a recommendation or action to deny reappointment, or to deny or restrict requested clinical privileges or any action which would entitle the applicant to a Fair Hearing under Part II of the medical staff bylaws. The terms "applicant" and "appointment" as used in these sections shall be read respectively, as "staff appointee" and "reappointment".

Section 5. Clinical Privileges

5.1 Exercise of privileges

A practitioner providing clinical services at the hospital may exercise only those privileges granted to him/her by the Board or emergency or disaster privileges as described herein. Privileges may be granted by the Board upon recommendation of the MEC to practitioners who are not members of the medical staff. Such individuals may be Advance Practice Registered Nurses (APRN's), Physician Assistants (PA's), physicians serving short locum tenens positions, telemedicine physicians, moonlighting residents and fellows, or others deemed appropriate by the MEC and Board.

5.2 Requests

When applicable, each application for appointment or reappointment to the medical staff must contain a request for the specific clinical privileges the applicant desires. Specific requests must also be submitted for temporary privileges and for modifications of privileges in the interim between reappointments and/or granting of privileges.

5.3 Basis for Privileges Determination

- 5.3.1 Requests for clinical privileges will be considered only when accompanied by evidence of education, training, experience, and demonstrated current competence as specified by the hospital in its Board approved criteria for clinical privileges.)
- 5.3.2 (Requests for clinical privileges will be consistently evaluated on the basis of prior and continuing education, training, experience, utilization practice patterns, current ability to perform the privileges requested, and demonstrated current competence, ability, and judgment. Additional factors that may be used in determining privileges are patient care needs and the hospital's capability to support the type of privileges being requested and the availability of qualified coverage in the applicant's absence. The basis for privileges determination to be made in connection with periodic reappointment or a requested change in privileges must include documented clinical performance and results of the practitioner's performance improvement program activities. Privileges determinations will also be based on pertinent information from other sources, such as peers and/or faculty from other institutions and health care settings where the practitioner exercises clinical privileges.
- 5.3.3 The procedure by which requests for clinical privileges are processed are as outlined in Section 3 above.

Commented [MH11]: This was pulled out for placement into policy

5.4 Special Conditions for Dental Privileges

Requests for clinical privileges for dentists are processed in the same manner as all other privilege requests. Privileges for surgical procedures performed by dentists and/or oral maxillofacial surgeons will require that all dental patients receive a basic medical evaluation (history and physical) by a physician member of the medical staff with privileges to perform such an evaluation, which will be recorded in the medical record. Oral maxillofacial surgeons may be granted the privilege of performing a history and physical on their own patients upon submission of documentation of completion of an accredited postgraduate residency in oral maxillofacial surgery and demonstrated current competence.

5.5 Special conditions for licensed practitioners eligible for privileges without membership

Requests for privileges from such individuals are processed in the same manner as requests for clinical privileges by providers eligible for medical staff membership, with the exception that such individuals are not eligible for membership on the medical staff and do not have the rights and privileges of such membership. Only those categories of practitioners approved by the Board for providing services at the hospital are eligible to apply for privileges. Advanced Practice Professional (APP) in this category may, subject to any licensure requirements or other limitations, exercise independent judgment only within the areas of their professional competence and participate directly in the medical management of patients in accordance with state law, their clinical privileges, and any applicable supervisory or collaborative requirements established by these Bylaws and the Rules and Regulations, ARNPs and other categories of APPs authorized by the Rules and Regulations to practice independently are not required to practice under the supervision of a physician. The privileges of these APP's shall terminate immediately, without right to due process, in the event that the employment of the APP with the hospital is terminated for any reason or if the employment contract or sponsorship of the APP with a physician member of the medical staff organization is terminated for any reason.

5.6 Special Conditions for Podiatric Privileges

Requests for clinical privileges for podiatrists are processed in the same manner as all other privilege requests. All podiatric patients will receive a basic medical evaluation (history and physical) by a physician member of the medical staff that will be recorded in the medical record. Podiatrists may be granted the privilege of performing a history and physical on their own patients upon submission of documentation of completion of an accredited postgraduate residency in podiatric medicine and surgery and demonstrated current competence.

5.7 Temporary Privileges

The CEO, or designee, acting on behalf of the Board and based on the recommendation of the president of the medical staff or designee, may grant temporary privileges. Temporary privileges may be granted only in two (2) circumstances: 1) to fulfill an important patient care, treatment or service need, or 2) when an initial applicant with a complete application that raises no concerns is awaiting review and approval of the MEC and the Board. The CEO or designee and president of the medical staff or designee must document in the credentials file at the time of temporary privileges are granted the need and or reason the privileges are granted.

- 5.7.1 Important Patient Care, Treatment or Service Need: Temporary privileges may be granted on a case by case basis when an important patient care, treatment or service need exists that mandates an immediate authorization to practice, for a limited period of time, not to exceed 120 calendar days, provided there is verification of the practitioner's current licensure, current competence, and an NPDB query has been conducted.
- 5.7.2 Clean Application for New Privileges Awaiting Action by the MEC: Temporary privileges may be granted for up to one hundred and twenty (120) calendar days after the department chair and the credentials committee have recommended approval of the medical staff membership and/or privileges requested by the applicant but before the MEC has acted on the application. Criteria for granting temporary privileges in these circumstances include the applicant providing evidence of the following which has been verified by the hospital: current licensure; education training and experience; current competence; current DEA (if applicable); current professional liability insurance in the amount required; malpractice history; one positive reference specific to the applicant's competence from an appropriate medical peer; ability to perform the privileges requested; and results from a query to the National Practitioner Data Bank. Additional criteria are that the applicant have no current or previously successful challenge to licensure or registration; no subject to involuntary termination of medical staff membership at another organization; and no subjection to involuntary limitation, reduction, denial, or loss of clinical privileges.
- 5.7.3 Special requirements of consultation and reporting may be imposed as part of the granting of temporary privileges. Except in unusual circumstances, temporary privileges will not be granted unless the practitioner has agreed in writing to abide by the bylaws, rules, and regulations and policies of the medical staff and hospital in all matters relating to his/her temporary privileges. Whether or not such written agreement is obtained, these bylaws, rules, regulations, and policies control all matters relating to the exercise of clinical privileges.

- 5.7.4 Termination of temporary privileges: The CEO, acting on behalf of the Board and after consultation with the president of the medical staff, may terminate any or all of the practitioner's privileges based upon the discovery of any information or the occurrence of any event of a nature which raises questions about a practitioner's privileges. When a patient's life or wellbeing is endangered, any person entitled to impose precautionary suspension under the medical staff bylaws may effect the termination. In the event of any such termination, the practitioner's patients then will be assigned to another practitioner by the CEO or his/her designee. The wishes of the patient shall be considered, when feasible, in choosing a substitute practitioner.
- 5.7.5 Rights of the practitioner with temporary privileges: A practitioner is not entitled to the procedural rights afforded in Part II of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan) because his/her request for temporary privileges is refused or because all or any part of his/her temporary privileges are terminated or suspended unless the decision is based on clinical incompetence or unprofessional conduct.
- 5.7.6 Emergency Privileges: In the case of a medical emergency, any practitioner is authorized to do everything possible to save the patient's life or to save the patient from serious harm, to the degree permitted by the practitioner's license, regardless of department affiliation, staff category, or level of privileges. A practitioner exercising emergency privileges is obligated to summon all consultative assistance deemed necessary and to arrange appropriate follow-up.

5.8 Disaster Privileges:

- a. If the institution's Disaster Plan has been activated and the organization is unable to meet immediate patient needs, the CEO and other individuals as identified in the institution's Disaster Plan with similar authority, may, on a case by case basis consistent with medical licensing and other relevant state statutes, grant disaster privileges to selected LPs. These practitioners must present a valid government-issued photo identification issued by a state or federal agency (e.g., driver's license or passport) and at least one of the following:
- A current picture hospital ID card that clearly identifies professional designation;
 - A current license to practice;
 - Primary source verification of the license;
 - Identification indicating that the individual is a member of a Disaster Medical Assistance Team (DMAT), or Medical Reserve Corps (MRC), Emergency System for Advance Registration of Volunteer Health Professionals (ESAR-VHP), or other recognized state or federal organizations or groups;

- Identification indicating that the individual has been granted authority to render patient care, treatment, and services in disaster circumstances (such authority having been granted by a federal, state, or municipal entity);
 - Identification by a current hospital or medical staff member (s) who possesses personal knowledge regarding the volunteer's ability to act as a licensed practitioner during a disaster.
- b. The medical staff oversees the professional performance of volunteer practitioners who have been granted disaster privileges by direct observation, mentoring, or clinical record review. The organization has a mechanism to readily identify volunteer practitioners who have been granted disaster privileges and makes a decision (based on information obtained regarding the professional practice of the volunteer) within 72 hours whether disaster privileges should be continued.
 - c. Hospital Staff identification, indicating LP has been granted authority to render patient care, treatment, and services in disaster circumstances will be provided by the Security Department via temporary badge, identifying the practitioner as a physician disaster volunteer upon consultation with the CEO, his/her designee or President of the Medical Staff.
 - d. Primary source verification of licensure begins as soon as the immediate situation is under control, and is completed within 72 hours from the time the volunteer practitioner presents to the organization. If primary source verification cannot be completed in 72 hours, there is documentation of the following: 1) why primary source verification could not be performed in 72 hours; 2) evidence of a demonstrated ability to continue to provide adequate care, treatment, and services; and 3) an attempt to rectify the situation as soon as possible..
 - e. Once the immediate situation has passed and such determination has been made consistent with the institution's Disaster Plan, the practitioner's disaster privileges will terminate immediately.
 - f. Any individual identified in the institution's Disaster Plan with the authority to grant disaster privileges shall also have the authority to terminate disaster privileges. Such authority may be exercised in the sole discretion of the hospital and will not give rise to a right to a fair hearing or an appeal.

Commented [MH12]: This was moved to Part I, Section 2.6.8

5.9 Telemedicine Privileges

Telemedicine privileges are limited to those services the MEC, acting for the Medical Staff, has approved for telemedicine delivery. The Telemedicine Staff shall consist of physicians providing care, treatment and services of patient only via an electronic communication link. These physicians are subject to the credentialing and privileging process outlined in these Bylaws.

5.9.1 Requests for telemedicine privileges at the Hospital that includes patient care, treatment, and services will be reviewed by the MEC and will be processed through the following mechanism:

- a. The Hospital privileges Practitioners using credentialing information from the distant site if the distant site is a Joint Commission–accredited or a Medicare-participating organization. The distant-site Practitioner has a license that is issued or recognized by the state in which the patient is receiving telemedicine services.

Section 6. Clinical Competency Evaluation

6.1 Focused Professional Practice Evaluation (FPPE)

All initially requested privileges shall undergo a period of FPPE. The credentials committee, after receiving a recommendation from the department chair and with the approval of the MEC will define the circumstances which require monitoring and evaluation of the clinical performance of each practitioner following his or her initial grant of clinical privileges at the hospital. Such monitoring may utilize prospective, concurrent, or retrospective proctoring, including but not limited to: chart review, the tracking of performance monitors/indicators, external peer review, simulations, morbidity and mortality reviews, and discussion with other healthcare individuals involved in the care of each patient. The credentials committee will also establish the duration for such FPPE and triggers that indicate the need for performance monitoring.

6.2 Ongoing Professional Practice Evaluation (OPPE)

The medical staff will also engage in OPPE to identify professional practice trends that affect quality of care and patient safety. Information from this evaluation process will be factored into the decision to maintain existing privileges, to revise existing privileges, or to revoke an existing privilege prior to or at the time of reappointment. OPPE shall be undertaken as part of the medical staff's evaluation, measurement, and improvement of practitioner's current clinical competency. In addition, each practitioner may be subject to FPPE when issues affecting the provision of safe, high quality patient care are identified through the OPPE process. Decisions to assign a period of performance monitoring or evaluation to further assess current competence must be based on the evaluation of an individual's current clinical competence, practice behavior, and ability to perform a specific privilege.

6.3 Physician Re-Entry

A practitioner who has not provided acute inpatient care within the past two (2) years who requests clinical privileges at the hospital must arrange for a preceptorship, that is acceptable to the credentials committee and MEC, either with a current member in good standing of the medical staff who practices in the same specialty or with a training program or other equivalently competent physician practicing outside of the hospital. If a practitioner has not provided any clinical care within the past five (5) years as determined by the Kentucky medical licensing board or the MEC, s/he may be required to go through a formal re-entry process through an ACGME or AOA accredited residency program or other formal process to assess and confirm clinical competence. The practitioner must assume responsibility for any financial costs required to fulfill these requirements. A description of the preceptorship or training program, including details of monitoring and consultation must be written and submitted for approval to the department chair and/or credentials committee and MEC. At a minimum, the preceptorship or training program description must include the following:

- a. The scope and intensity of the required activities;
- b. The requirement for submission of a written report from the preceptor or training program prior to termination of the preceptorship period assessing, at a minimum,

the applicant's demonstrated clinical competence related to the privileges requested, ability to get along with others, the quality and timeliness of medical records documentation, ability to perform the privileges requested, and professional ethics and conduct.

- c. Reapplication after Modifications of Membership Status or Privileges and Exhaustion of Remedies

6.4 Reapplication after adverse credentials decision

Except as otherwise determined by the MEC or Board, a practitioner who has received a final adverse decision or who has resigned or withdrawn an application for appointment or reappointment or clinical privileges while under investigation or to avoid an investigation is not eligible to reapply to the medical staff or for clinical privileges for a period of five (5) years from the date of the notice of the final adverse decision or the effective date of the resignation or application withdrawal. Any such application is processed in accordance with the procedures then in force. As part of the reapplication, the practitioner must submit such additional information as the medical staff and/or Board requires demonstrating that the basis of the earlier adverse action no longer exists. If such information is not provided, the reapplication will be considered incomplete and voluntarily withdrawn and will not be processed any further.

6.5 Request for modification of appointment status or privileges

A staff appointee, either in connection with reappointment or at any other time, may request modification of staff category, department assignment, or clinical privileges by submitting a written request to the medical staff office. All requests for additional clinical privileges must be accompanied by information demonstrating additional education, training, and current clinical competence in the specific privileges requested. A modification application is processed in the same manner as a reappointment, which is outlined in Section 5 of this manual. A practitioner who determines that s/he no longer exercises, or wishes to restrict or limit the exercise of, particular privileges that s/he has been granted shall send written notice, through the medical staff office, to the credentials committee, and MEC. A copy of this notice shall be included in the practitioner's credentials file.

6.6 Resignation of staff appointment or privileges

A practitioner who wishes to resign his/her staff appointment and/or clinical privileges must provide written notice to the appropriate department chair or president of the medical staff. The resignation shall specify the reason for the resignation and the effective date. A practitioner who resigns his/her staff appointment and/or clinical privileges is obligated to fully and accurately complete all portions of all medical records for which s/he is responsible prior to the effective date of resignation. Failure to do so shall result in an entry in the practitioner's credentials file acknowledging the resignation and indicating that it became effective under unfavorable circumstances.

6.7 Exhaustion of administrative remedies

Every practitioner agrees that s/he will exhaust all the administrative remedies afforded in the various sections of this manual, the Governance and the Investigation, Corrective Action, Hearing and Appeal Plan before initiating legal action against the hospital or its agents.

6.8 Reporting requirements

The CEO or his/her designee shall be responsible for assuring that the hospital satisfies its obligations under State law and the Health Care Quality Improvement Act of 1986 and its successor statutes. Whenever a practitioner's privileges are limited, revoked, or in any way constrained, the hospital must, in accordance with State and Federal laws or regulations, report those constraints to the appropriate State and Federal authorities, registries, and/or data bases, such as the NPDB. Actions that must be reported include, but are not limited to, any negative professional review action against a physician related to clinical incompetence or misconduct that leads to a denial of appointment and/or reappointment; reduction in clinical privileges for greater than thirty (30) calendar days; resignation, surrender of privileges, or acceptance of privilege reduction either during an investigation or to avoid an investigation.

Section 7. Leave of Absence

7.1 Leave Request

A leave of absence must be requested for any absence from the medical staff and/or patient care responsibilities longer than 30 days and whether such absence is related to the individual's physical or mental health or to the ability to care for patients safely and competently. It is recommended that a request for a leave of absence should be submitted at least thirty (30) days in advance of the start of the leave. A practitioner who wishes to obtain a voluntary leave of absence must provide written notice to the president of the medical staff stating the reasons for the leave and approximate period of time of the leave, which may not exceed one year except for military service or express permission by the Board. Requests for leave must be forwarded with a recommendation from the MEC and affirmed by the Board. While on leave of absence, the practitioner may not exercise clinical privileges or prerogatives and has no obligation to fulfill medical staff responsibilities. In the event that a practitioner has not demonstrated good cause for a leave, or where a request for extension is not granted, the determination shall be final, with no recourse to a hearing and appeal.

Commented [MH13]: This should be discussed

7.2 Termination of Leave

At least thirty (30) calendar days prior to the termination of the leave, or at any earlier time, the practitioner may request reinstatement by sending a written notice to the president of the medical staff. The practitioner must submit a written summary of relevant activities during the leave if the MEC or Board so requests. A practitioner returning from a leave of absence for health reasons must provide a report from his/her physician that answers any questions that the MEC or Board may have as part of considering the request for reinstatement. The MEC makes a recommendation to the Board concerning reinstatement, and the applicable procedures concerning the granting of privileges are followed. If the practitioner's current grant of membership and/or privileges is due to expire during the leave of absence, the practitioner must apply for reappointment, or his/her appointment and/or clinical privileges shall lapse at the end of the appointment period.

7.3 Failure to Request Reinstatement

Failure, without good cause, to request reinstatement shall be deemed a voluntary resignation from the medical staff and shall result in automatic termination of membership, privileges, and prerogatives. A member whose membership is automatically terminated shall not be entitled to the procedural rights provided in Part II of these bylaws. A request for medical staff membership subsequently received from a member so terminated shall be submitted and processed in the manner specified for applications for initial appointments.

Section 8. Practitioners Providing Contracted Services

8.1 When the Hospital contracts for care services with licensed Practitioners who provide readings of images, tracings, or specimens through a telemedicine mechanism, all LPs who will be providing services under this contract will be permitted to do so only after being granted privileges at the Hospital through the mechanisms established in these Bylaws.)

8.2 Qualifications

A practitioner who is or will be providing specified professional services pursuant to a contract or a letter of agreement with the hospital must meet the same qualifications, must be processed in the same manner, and must fulfill all the obligations of his/her appointment category as any other applicant or staff appointee.

8.3 The terms of the medical staff bylaws will govern disciplinary action taken by or recommended by the MEC.

8.4 Effect of contract or employment expiration or termination

The effect of expiration or other termination of a contract upon a practitioner's staff appointment and clinical privileges will be governed solely by the terms of the practitioner's contract with the hospital. If the contract or the employment agreement is silent on the matter, then contract expiration or other termination alone will not affect the practitioner's staff appointment status or clinical privileges.

Jennie Stuart Medical Center

Part IV: Organization and Functions Manual

Commented [MH14]: This was moved to the end of the Rules and Regulations. It is just left here now so that you can see the modifications made.

Table of Contents

Section 1. Organization and Functions of the Staff	1
Section 2. Medical Staff Committees	8
Section 3. Confidentiality, Immunity, Releases, and Conflict of Interest	9

Section 1. Organization and Functions of the Staff

1.1 Organization of the Medical Staff

The medical staff shall be organized into five [5] departments: Medicine, Psychiatric Medicine, Surgery, Women -Maternal and Child Health, and Hospital-based Services. A department chair shall head each clinical department with overall responsibility for the supervision and satisfactory discharge of assigned functions under the MEC.

Medicine:	Family Practice, Emergency Medicine, Hospitalist, Internal Medicine and its subspecialties
Psychiatric Medicine	Psychiatry, Psychology
Surgery:	Surgery, Surgical subspecialties and Anesthesiology
Women/ Maternal & Child Health:	Obstetrics and Pediatrics
Diagnostic/Radiologic Services:	Pathology, Radiology, and Radiation Oncology

1.2 Responsibilities for Medical Staff Functions

The organized medical staff is actively involved in the measurement, assessment, and improvement of the functions outlined in Section 1.3 with the ultimate responsibility lying with the MEC. The MEC may create committees to perform certain prescribed functions. The medical staff officers, department chairs, hospital and medical staff committee chairs are responsible for working collaboratively to accomplish required medical staff functions. This process may include periodic reports as appropriate to the appropriate department or committee and elevating issues of concern to the MEC as needed to ensure adherence to regulatory and accreditation compliance and appropriate standards of medical care.

1.3 Description of Medical Staff Functions

The Medical Staff, acting as a whole or through committee, participates in or has oversight over the following activities.

1.3.1 Governance, direction, coordination, and action:

- a. Receive, coordinate and act upon, as necessary, the reports and recommendations from departments, committees, other groups, and officers concerning the functions assigned to them and the discharge of their delegated administrative responsibilities;
- b. Account to the Board and to the staff with written recommendations for the overall quality and efficiency of patient care at the hospital;

- c. Take reasonable steps to maintain professional and ethical conduct and initiate investigations, and pursue corrective action of medical staff members or APPs when warranted;
- d. Make recommendations on medical, administrative, and hospital clinical and operational matters;
- e. Inform the medical staff of the accreditation and state licensure status of the hospital;
- f. Act on all matters of medical staff business, and fulfill any state and federal reporting requirements;
- g. Oversee, develop, and plan continuing medical education (CME) plans, programs, and activities that are designed to keep the staff informed of significant new developments and new skills in medicine that are related to the findings of performance improvement activities;
- h. Provide education on current ethical issues, recommend ethics policies and procedures, develop criteria and guidelines for the consideration of cases having ethical implications, and arrange for consultation with concerned physicians when ethical conflicts occur in order to facilitate and provide a process for conflict resolution;
- i. Provide oversight concerning the quality of care provided by residents, interns, students, and ensure that the same act within approved guidelines established by the medical staff and governing body;
- j. Ensure effective, timely, and adequate comprehensive communication between the members of the medical staff, APPs, and medical staff leaders as well as between medical staff leaders and hospital administration and the board.

1.3.2 Medical Care Evaluation/Performance Improvement/Patient Safety Activities

- a. Perform ongoing professional practice evaluations (OPPE) and focused professional practice evaluations (FPPE) when concerns arise from OPPE based on the general competencies defined by the medical staff;
- b. Set expectations and define both individual and aggregate measures to assess current clinical competency, provide feedback to practitioners and develop plans for improving the quality of clinical care provided;
- c. Actively be involved in the measurement, assessment, and improvement of activities of practitioner performance that include but are not limited to the following:
 - Medical assessment and treatment of patients
 - Use of medications
 - Use of blood and blood components
 - Operative and other procedures
 - Education of patients and families

- Accurate, timely, and legible completion of patients' medical records to include the quality of medical histories and physical examinations
 - Appropriateness of clinical practice patterns
 - Significant departures from established pattern of clinical performance
 - Use of developed criteria for autopsies
 - Sentinel event data
 - Patient safety data
 - Coordination of care, treatment, and services with other practitioners and hospital personnel, as relevant to the care, treatment, and services of an individual patient
 - Findings of the assessment process relevant to individual performance
- d. Communicate findings, conclusions, recommendations, and actions to improve the performance of practitioners to medical staff leaders and the Board, and define in writing the responsibility for acting on recommendations for practitioner improvement.

1.3.3 Hospital Performance Improvement and Patient Safety Programs

- a. Understand the medical staff's and administration's approach to and methods of performance improvement;
- b. Assist the hospital to ensure that important processes and activities to improve performance and patient safety are measured, assessed, and spread systematically across all disciplines throughout the hospital;
- c. Participate as requested in identifying and managing sentinel events and events that warrant intensive analysis;
- d. Participate as requested in the hospital's patient safety program including measuring, analyzing, and managing variation in the processes that affect patient care to help reduce medical/healthcare errors.

1.3.4 Credentials review (see Credentials Procedures)

1.3.5 Information Management

- a. Review and evaluate medical records to determine that they:
 - Properly describe the condition and progress of the patient, the quality of medical histories and physical examinations, the therapy, and the tests provided along with the results thereof, and the identification of responsibility for all actions taken;. Document the promptness, pertinence, adequacy and completeness for discharged patients;
 - Include documentation of hospital acquired infections and unfavorable reactions to drug and anesthesia;

- Are sufficiently complete at all times so as to facilitate continuity of care and communication between all those providing patient care services in the hospital.
 - b. Develop, review, enforce, and maintain surveillance at least quarterly over enforcement of medical staff and hospital policies and rules relating to medical records including completion, preparation, forms, format, filing, indexing, storage, destruction, and availability; and recommend methods of enforcement thereof and changes therein.
 - c. Provide liaison with hospital administration, nursing service, and medical records professionals in the utilization of the hospital on matters relating to medical records practices and information management planning.
- 1.3.6 Emergency Preparedness: Assist the hospital administration in developing, periodically reviewing, and implementing an emergency preparedness program that addresses disasters both external and internal to the hospital.
- 1.3.7 Strategic Planning
- a. Participate in evaluating existing programs, services, and facilities of the hospital and medical staff; and recommend continuation, expansion, abridgment, or termination of each;
 - b. Participate in evaluating the financial, personnel, and other resource needs for beginning a new program or service, for constructing new facilities, or for acquiring new or replacement capital equipment; and assess the relative priorities or services and needs and allocation of present and future resources;
 - c. Communicate strategic, operational, capital, human resources, information management, and corporate compliance plans to medical staff members and APPs.
- 1.3.8 Bylaws review
- a. Conduct periodic review of the medical staff bylaw, rules, regulations and policies;
 - b. Submit written recommendations to the MEC and to the Board for amendments to the medical staff bylaws, rules, regulations and policies.
- 1.3.9 Nominating
- a. Identify nominees for election to the officer positions and to other elected positions in the medical staff organizational structure;
 - b. In identifying nominees, consult with members of the staff, the MEC, and administration concerning the qualifications and acceptability of prospective nominees.
- 1.3.10 Infection Control Oversight
- a. The medical staff oversees the development and coordination of the hospital-wide program for surveillance, prevention, implementation, and control of infection.
 - b. Develop and approve policies describing the type and scope of surveillance activities including:

- Review of cumulative microbiology recurrence and sensitivity reports;
 - Review of prevalence and incidence studies, as appropriate;
 - Collection of additional data as needed;
- c. Approve infection prevention and control actions based on evaluation of surveillance reports and other information;
 - d. Evaluate, develop, and revise a surveillance plan for all sampling of personnel and environments annually;
 - e. Develop procedures and systems for identifying, reporting, and analyzing the incidence and causes of infections;
 - f. Institute any surveillance, prevention, and control measures or studies when there is reason to believe any patient or personnel may be at risk;
 - g. Report healthcare acquired infection findings to the attending physician and appropriate clinical or administrative leader;
 - h. Review all policies and procedures on infection prevention, surveillance, and control at least biannually.

1.3.11 Pharmacy and Therapeutics Functions

- a. Maintain a formulary of drugs approved for use by the hospital;
- b. Create treatment guidelines and protocols in cooperation with medical and nursing staff including review of clinical and prophylactic use of antibiotics;
- c. Monitor and evaluate the efforts to minimize drug misadventures (adverse drug reactions, medication errors, drug/drug interactions, drug/food interactions, pharmacist interventions);
- d. Perform drug usage evaluation studies on selected topics;
- e. Perform medication usage evaluation studies as required by the Joint Commission;
- f. Perform practitioner analysis related to medication use;
- g. Approve policies and procedures related to accreditation Standards: to include the review of nutrition policies and practices, including guidelines/protocols on the use of special diets and total parenteral nutrition; pain management; procurement; storage; distribution; use; safety procedures; and other matters relating to medication use within the hospital;
- h. Develop and measure indicators for the following elements of the patient treatment functions:
 - Prescribing/ordering of medications;
 - Preparing and dispensing of medications;
 - Administering medications;
 - Monitoring of the effects of medication.

- i. Analyze and profile data regarding the measurement of the patient treatment functions by service and practitioner, where appropriate;
- j. Provide routine summaries of the above analyses and recommend process improvement when opportunities are identified;
- k. Serve as an advisory group to the hospital and medical staff pertaining to the choice of available medications;
- l. Establish standards concerning the use and control of investigational medication and of research in the use of recognized medication.

1.3.12 Practitioner Health

- a. Evaluate the credibility of a complaint, allegation, or concern and establish a program for identifying and contacting practitioners who have become professionally impaired, in varying degrees, because of drug dependence including alcoholism or because of mental, physical or aging problems. Refer the practitioner to appropriate professional internal or external resources for evaluation, diagnosis, and treatment;
- b. Establish programs for educating practitioners and staff to prevent substance dependence and recognize impairment;
- c. Notify the impaired practitioner's department chair and the MEC whenever the impaired practitioner's actions could endanger patients. The existence of the practitioners' health committee does not alter the primary responsibility of the department chair for clinical performance within that chair's department;
- d. Create opportunities for referral (including self-referral) while maintaining confidentiality to the greatest extent possible;
- e. Report to the MEC all practitioners providing unsafe treatment so that the practitioner can be monitored until his/her rehabilitation is complete and periodically thereafter. The hospital shall not reinstate a practitioner until it is established that the practitioner has successfully completed a rehabilitation program in which the hospital has confidence.

1.3.13 Utilization Management

- a. Study recommendations from medical staff members, APPs, quality assessment coordinators and others to identify problems in utilization and the review program;
- b. Monitor the effectiveness of the review program and perform retrospective review in cases identified through the utilization management process;
- c. Forward all unjustified cases in any review category to the appropriate clinical department or committee for review and action;
- d. Review case-mix financial data and any other internal/external statistical data;
- e. Upon review of any data, conduct further studies, perform education or refer the data to the medical staff Quality Review committee for their review and action;

- f. Develop, with the aid of legal counsel, policies to guide the director of utilization management, medical staff, and administration in matters of privileged communication and legal release of information.)

I

Commented [MH15]: This was moved to Part I, Section 5.2.3.e

Commented [MH16]: This was moved to Part I, Section 4.6.1.

Section 2. Medical Staff Committees

2.1 General language governing committees

The following shall be the standing committees of the medical staff: MEC, Credentials, and Medical Staff Quality Review [MSQR]. A committee shall meet as often as necessary to fulfill its responsibilities. It shall maintain a permanent record of its proceedings and actions and shall report its findings and recommendations ultimately to the MEC. The president of the medical staff may appoint additional ad hoc committees for specific purposes. Ad hoc committees will cease to meet when they have accomplished their appointed purpose or on a date set by the president of the medical staff when establishing the committee. The president of the medical staff and the CEO, or their designees, are ex officio members of all standing and ad hoc committees.

Committee members may be removed from the committee by the president of the medical staff or by action of the MEC for failure to remain a member of the medical staff in good standing or for failure to adequately participate in the activities of the committee. Any vacancy in any committee shall be filled for the remaining portion of the term in the same manner in which the original appointment was made.

Medical Staff members may be appointed to hospital committees. Actions taken by hospital committees that affect the practice of practitioners with privileges must have those actions approved by the MEC prior to going into effect.

2.2 MEC

Description of the MEC is in Part I: Governance; Section 6.2.

2.3 Credentials Committee

Description of the credentials committee is in Part III: Credentials Procedures; Section 1.

2.4 Medical Staff Quality Review Committee

2.4.1 **Composition:** The medical staff quality committee shall consist of at least five (5) members of the medical staff. Representatives from quality and hospital administration will serve as ex officio members at the invitation of the chair.

2.4.2 **Responsibilities:** The committee shall be responsible for those functions described in section 1.3.2 a-d above.

Section 3. Confidentiality, Immunity, Releases, and Conflict of Interest

3.1 Confidentiality of Information

To the fullest extent permitted by law, the following shall be kept confidential: information submitted, collected, or prepared by any representative of this or any other healthcare facility or organization or medical staff for the purposes of assessing, reviewing, evaluating, monitoring, or improving the quality and efficiency of healthcare provided; evaluations of current clinical competence and qualifications for staff appointment/affiliation and/or clinical privileges or specified services; contributions to teaching or clinical research; or determinations that healthcare services were indicated or performed in compliance with an applicable standard of care. This information will not be disseminated to anyone other than a representative of the hospital or to other healthcare facilities or organizations of health professionals engaged in official, authorized activities for which the information is needed. Such confidentiality shall also extend to information provided by third parties. Each practitioner expressly acknowledges that violations of confidentiality provided here are grounds for immediate and permanent revocation of staff appointment/affiliation and/or clinical privileges or specified services.

3.2 Immunity from Liability

- No representative of this healthcare organization shall be liable to a practitioner for damages or other relief for any decision, opinion, action, statement, or recommendation made, within the scope of his/her duties as an official representative of the hospital or medical staff. No representative of this healthcare organization shall be liable for providing information, opinion, counsel, or services to a representative or to any healthcare facility or organization of health professionals concerning said practitioner. The immunity protections afforded by this provision shall not apply if it is established by clear and convincing evidence that the representative claiming the immunity acted in bad faith. The immunity protections afforded in these bylaws are in addition to those provided by applicable state and federal law.

3.3 Covered Activities

- 3.3.1 The confidentiality and immunity provided by this article apply to all information or disclosures performed or made in connection with this or any other healthcare facility's or organization's activities concerning, but not limited to:
- a. applications for appointment/affiliation, clinical privileges, or specified services;
 - b. periodic reappraisals for renewed appointments/affiliations, clinical privileges, or specified services;
 - c. corrective or disciplinary actions;
 - d. hearings and appellate reviews;
 - e. quality assessment and performance improvement/peer review activities;
 - f. utilization review and improvement activities;
 - g. claims reviews;

- h. risk management and liability prevention activities;
- i. other hospital, committee, department, or staff activities related to monitoring and maintaining quality and efficient patient care and appropriate professional conduct.

3.4 Releases

When requested by the president of the medical staff or designee, each practitioner shall execute general and specific releases. Failure to execute such releases shall result in an application for appointment, reappointment, or clinical privileges being deemed voluntarily withdrawn and not processed further.

3.5 Conflict of Interest

A member of the medical staff or APP requested to perform a board designated medical staff responsibility (such as credentialing, peer review or corrective action) may have a conflict of interest if they may not be able to render an unbiased opinion. An absolute conflict of interest would result if the physician is the practitioner under review, current or former spouse/partner, first degree relative (parent, sibling, or child). Potential conflicts of interest are either due to a practitioner's involvement in the patient's care not related to the issues under review or because of a relationship with the physician involved as a direct competitor, partner or key referral source. It is the obligation of the individual physician to disclose to the affected committee the potential conflict. It is the responsibility of the committee to determine on a case by case basis if a potential conflict is substantial enough to prevent the individual from participating. When a potential conflict is identified, the committee chair will be informed in advance and make the determination if a substantial conflict exists. When either an absolute or substantial potential conflict is determined to exist, the individual may not participate or be present during the discussions or decisions other than to provide specific information requested.
