Meet Our Family Medicine Residents

Ashley Barrett, DO **Class of 2029**

ABOUT ME

Hi! My name is Ashley, and I grew up here in Evansville, where I attended Mater Dei for high school before heading off to Indiana University for undergrad. While at IU, I met my husband, Jake, and we've been together ever since. I stayed in Indiana for medical school as well, attending Marian University College of Osteopathic Medicine, and I'm excited to continue my training in my home state and home city!

WHY CHOOSE DEACONESS?

I am very passionate about full-spectrum family medicine and caring for patients across all stages of life with a strong interest in building long-term relationships with patients. I chose Deaconess Family Medicine Residency because of its unopposed structure, strong community presence, supportive learning environment, wonderful people, and the opportunity to train in my hometown.

HOBBIES/INTEREST

Outside of medicine, I enjoy spending time with my husband Jake, my family, and our two cats, Macaroni and Cheese. I like staying active by running, exploring new restaurants and coffee shops, and traveling whenever I get the chance. I also enjoy reading, finding new shows to binge (often reality TV), and learning new skills such as quilting.
